March 2024 Ballot

Background of Prop 1 The Behavioral Health Services Act

- California is experiencing a severe mental health crisis that has contributed significantly to the homelessness crisis the state is experiencing
- Prop 1 refocuses billions of dollars in existing funds to prioritize Californians experiencing the deepest mental health needs, living in encampments, or suffering extreme substance abuse issues.

March

Campaign

What is Prop 1 and where is it now?

- Prop One is the collection of two bills that rebrands the Mental Health Services Act to the Behavioral Health Services Act and would provide \$25 billion in bonds for expanded support services and affordable housing.
 - Veterans will be included to the eligible population.
 - Counties will be allowed to set aside 30% of their BHSA funds to fund affordable housing development.
- A \$6.38 billion bond would be created to finance loans or grants for the acquisition of capital assets for the conversion, rehabilitation, or construction of permanent supportive housing for veterans and others who are facing homelessness and meet other certain criteria.
- **Yes has won with 50.19%**

November Campaign

Background of ACA 1

Cities have been unable to commence vital infrastructure developments like road maintenance, transportation, or construct affordable homes because bond measures supporting them fail to achieve the 66% voter approval threshold.

- Bond Measures that could have passed with ACA 1:
 - **Measure L - City of Berkeley:** \$650 Million Bond intended to fund affordable homes, repair streets and sidewalks, underground utilities, enhance buildings and infrastructure, and safety. (59.4% voter approval)
 - **Measure A - City of San Diego:** \$900 Million Housing bond for affordable and permanent supportive housing (57.55% voter approval)
 - **Measure P - City of Los Angeles:** \$54 million bond intended to develop and preserve parks, trails in low income communities and fund beach clean-ups. (62% voter approval)
- Local school districts require a 55% voter approval for school bonds to fund the acquisition or lease of real property, or the construction, rehabilitation, and replacement of school facilities and furnishings.

November Campaign

What is ACA 1?

- ACA 1 will lower the constitutional voter approval threshold from 66% to 55% for General Obligation (GO) bonds and special taxes.
 - This measure does not raise taxes, rather it empowers local control over municipal budgets.

 - Maintains a total of \$1.1 billion General fund for the HHAP Round 5 across 2023-24 and 2024-25, with nuances such as:
 - Delays \$260 million in bonus round funding from 2023-24 to 2025-26
 - Reverts \$100.6 million in administrative savings, leaving \$51.1 million for program administration
 - No HHAP Round 6 Proposed, though it is open to discussion
 - Budget Summer ("A pages") do not specify amount or program
 - Makes further support contingent on recipients making progress on commitments from earlier HHAP rounds

- The gap created by the lack of State funding prevents housing from being built.
 - California is estimated to reduce the production of affordable homes, by a third. A loss of 6,400 homes.
 - California will be leaving \$1.6 billion of federal resources on the table

Programs being reverted affecting Affordable Housing:

- **Multifamily Housing Program:** Budget reverting to \$250 million from \$325 million. Leaving \$75 million in the 2024 budget for that purpose.
