Quarterly Report Summary

The OC CARES system links the various systems of care in the County of Orange to provide full care coordination and services for justice-involved individuals to successfully reenter society and work towards self-sufficiency. These systems of care include behavioral health, healthcare, housing, benefits & support services, and community correction. This innovative approach was developed building on the County's efforts as part of the nationwide Stepping Up Initiative and locally developed Integrated Services Strategy. With Stepping Up, an overall strategy that focused on reducing the number of individuals with mental illness in custodial care was developed that required the integration of services from disparate county departments and community partners. This strategy was then expanded and used to create the Integrated Services – 2025 Vision (2025 Vision) implementation plan, which has been updated to serve OC CARES.

The 2025 Vision was adopted by the Board of Supervisors (Board) on October 22, 2019 and links the county criminal justice system and our systems of care to provide inmates and at-risk-individuals with the services they need to become self-determined and facilitate successful reentry.

To ensure a thorough examination of Orange County's criminal justice system, the 2025 Vision was built on five "pillars." Each pillar is made up of overarching "goals" assigned to specific departments that are tracked and implemented via "action items." The pillars and their main objectives are as follows:

1. **Prevention:** Developing public informational and communication campaigns, interventions, and diversion opportunities, particularly related to substance use and mental health, to prevent individuals from being involved in or returning to the criminal justice system.
2. **Courts:** Enhancing or developing diversion programs, including the expanded use of Specialty Courts, for individuals in the criminal justice system from the point of arrest to sentencing.
3. **In-Custody:** Developing in-custody programming and providing access to treatments, and services to individuals residing in the County jails to address mental health, substance use, education, job readiness or other basic support that link to post-custody services, in addition to trainings to prepare them for successful reentry.
4. **Reentry:** Providing accessible and supportive services to justice-involved individuals to facilitate their reentry back into the community that includes a comprehensive coordinated system to ensure continuity in treatments or programs received while in-custody and continue post custody to maintain engagement and lead to self-sufficiency.
5. **Juvenile & Transitional Aged Youth (TAY):** To provide a continuum of information, programs, and enhanced services for youth, juveniles, and the TAY population to prevent them from entering the juvenile justice system, providing options away from being detained, and to support and encourage positive outcomes outside of the juvenile justice system.

The 2025 Vision is a permanent component of Orange County's annual Strategic Financial Plan. Its oversight is provided by the Orange County Criminal Justice Coordinating Council (OCCJCC), chaired by current Chairman Doug Chaffee and vice-chaired by Supervisor Donald Wagner. The OCCJCC includes County departments, Courts, and local law enforcement.

Implementation of the 2025 Vision is jointly led by the Budget & Finance Director and the Director of Performance Management and Policy in the County Executive Office (CEO). During the first three years of implementation, significant progress was made through the use of targeted working groups established for Courts, Reentry, Juvenile & TAY, Strategic Legislation & Funding, and Data & Metrics and a general implementation working group which ensured coordination across departments. With the 2025 Vision in the last year of implementation, working groups have been combined to provide the overall guidance and direction for the Vision and task forces are used to focus on the completion of critical projects. Maintenance and further enhancements will then transition to an established oversight group consisting of key stakeholder departments and community-based organizations.

The OCCJCC meets regularly to receive updates and collectively formulate initiatives in order to meet the needs of the target population. Revisions are approved by the OCCJCC and included in the County's Strategic Financial Plan and presented to the Board annually.

Planned OCCJCC Offsite meetings have been used to address a specific topic to move the 2025 Vision forward and provide an opportunity to inform and obtain feedback from other law enforcement agencies and community providers. The 2025 Vision was a result of the OCCJCC Offsite meeting held in July 2019. A second OCCJCC Offsite was held on September 24, 2021, focusing on the reportable outcomes and performance indicators for each of the five pillars to begin to measure the success of the 2025 Vision which is in progress.

The following Quarterly Report provides a report on the current status of the identified projects and programs being implemented as part of the 2025 Vision. The table below lists the projects in progress and provides the estimated completion date. Descriptions and additional details for each project can be found in Appendices D and E.

Appendix C: Working Groups and Task Forces

Implementation of the 2025 Vision has been facilitated through the use of various working groups and task forces. Working groups were established for pillars or specific projects that crossed over several stakeholder departments. With the completion of many of the elements in the 2025 Vision, many of the working groups were consolidated to focus on the remaining projects and provide oversight for ongoing maintenance and new projects, as they come up. Task forces were implemented to focus on one area or project and limited to departments critical for the project. Below is a listing of the current working groups and task forces involved with the 2025 Vision.

WORKING GROUPS:

OC CARES: Meetings are held a bi-monthly basis to address remaining projects as well as specific topics that may impact future needs for the community correction system of care.

Strategic Legislation & Funding: This working group tracks legislative actions and helps guide policy to better meet the needs of the 2025 Vision including identifying how the County is measuring success and aligned with state and federal initiatives as well as identify new funding opportunities.

Media & Public Information: Meetings are held monthly and focus on the communication and media campaign projects identified to increase public awareness of OC CARES and the services and resources available.

Data & Metrics: Meetings are held every two months and work through the data elements required for the reportable outcomes and performance metrics.

TASK FORCES:

Juvenile & TAY: A task force has been established for each area under the Juvenile and TAY pillar to address 1) Prevention; 2) Courts; 3) In-Custody; and 4) Reentry. Each task force is focused on their area with identified objectives and facilitated by designated staff from the key stakeholder agencies.

Appendix D: Project Details & Status (Adults)

Pillar I: PREVENTION

A. Communication & Media Campaign

Purpose: Increase public awareness of various services including mental health and substance use topics and other supportive services and resources including but not limited to

- Reducing the stigmas associated with mental illness and substance use
- Informing the public on the signs of mental illness and how to access services
- Increasing the readiness of first responders for mental health-related calls
- Increasing diversion options away from the criminal justice system and into treatments and programs.

	<ul style="list-style-type: none"> The Court continues to monitor, on a monthly basis, all statistics associated with the Adult Specialty Court programs. The Court uses those figures to determine the adequacy of current resources and to anticipate future resource needs. The Court is tracking and evaluating the trends in the numbers of cases for all the Collaborative Courts (including the recent increases in diversion courts) to project future estimates and assess needed resources. The Court is also factoring in recent and proposed legislative changes that are impacting these numbers and may have additional impact in the future (including pending legislation to add felony cases to Military Diversion). Recent statutory changes continue to fuel in an increase in Mental Health Diversion cases, and the Court continues to monitor the pace of those cases to project future needs. To meet the immediate needs, the Court is adding another half-day per week to the Mental Health Diversion calendar in CCB1 (bringing it to two full days per week) and has recently assigned a portion of the Mental Health Diversion calendar (including contested motions) to a newly appointed judge in the Central Justice Center due to the lack of 	100%

Twelve service providers have been approved for the new model. The Public Defender’s Office is currently working with San Diego to develop a service provider app that will be accessible to participants. The Court and the Stakeholders are also exploring the ability to automate referrals to the HOC program. As this new model is implemented, it should reduce the number of hearings required in HOC, but this is not expected to have a material impact on the overall Court and Stakeholder resources devoted to the Adult Specialty Courts.

The RFP closed with a high rate of responders and the panel members have been selected. • Post release, Ready SET OC has 5 locations throughout the County where youth can go to receive employment and training services and ensure a smooth transition into their communities. • Project Kinship started services in juvenile facilities in March 2024 and now has four pillars up and running with services in every unit. • RFPs are required for Educational and Vocational Services, Automotive Vocational Services and Life Skills, and Research/Consulting. <ul style="list-style-type: none"> • Automotive Vocational RFP was closed in March 2024 and sent to the State for review in July 2024. Contract has been finalized and vendor is going through background clearance process with Probation. Goal is to have the program up and running by May 2025. • Educational/Vocational RFP resulted in only 1 proposal. Probation working with CEO and Procurement to determine best plan for resoliciting this scope of work to attract more proposers and include trade schools. Probation working on resoliciting scope of work, modifying to focus only on Vocational Training. Educational and Vocational RFP Contracts were posted in February 2025, with proposal submission deadlines of March 2025. RFP information was shared with the In-Custody Pillar workgroup. • Life Skills RFP was released in March 2024 and closed in May 2024, received 6 proposals. Panel interviewed all 6 contractors in September 2024. The contract is with the State for review as of March 2025. Goal is to have the program up and running by May 2025. • Department of Rehabilitation is piloting a program at YLA where the services can then transition with the youth upon release from the facilities.

B. Supportive Housing

Purpose: To ensure sufficient housing options exist for placement of juvenile and TAY population to continue the path to self-sufficiency with the inclusion of supportive services to meet the specific needs of the individual, such as SUD treatment or homelessness.

Status of Project Implementation:

By December 2025							
1	Identify the available supportive housing options and capacity including but not limited to SUD sober living programs, shelters, emergency shelters, step-down services and develop and implement a plan to ensure the capacity meets the current and projected demand.

Bridges of Kraemer Place is a 200 bed shelter for 18+ (both documented in OC Navigator). There is also the Yale Navigation Center (425 bed interim shelter for 18+) with several other locations throughout Orange County. There is referral process for these locations through the Coordinated Entry System (CES). HCA will begin providing embedded Enhanced Care Management to youth in custody for medical, mental health, and SUD needs starting January 2025. 32 SUD residential beds for adolescents are planned at the Be Well South campus. The RFP is being created and will be going out soon. C. Transitional TAY Housing

Purpose: To establish housing options specific for the TAY population who are released from being detained or otherwise involved in the juvenile justice system pending placement into more stable housing. Supportive services would also be included to encourage self-sufficiency.

Status of Project Implementation

By December 2025									
1	Establish post-custody transitional housing specific for the TAY population who would otherwise be homeless and provide supportive services to assist with reentry into the community and link to more stable housing.

The design plans are being developed. • A list of available housing options have been organized and added to OC Navigator. • A contract was created with Action Alliance for 3 houses and a fourth to be added in 2025 to address unhoused adults and TAY age individuals. Needs criteria will be considered and case management will be provided. The Probation Re-Entry and Supportive Housing program began accepting referrals in January 2025. • The County did not get the Youth Homelessness Demonstration Program grant for 2024. • The Care Plus Program is going to be creating a Corrections Cohort in collaboration with Project Kinship to address the needs of TAY and adult clients with 4 or more jail bookings within a 4-month period. The contract will be going to the Board of Supervisors soon and the plan is to have Project Kinship provide the services.
