Memorandum

May 13, 2025

To: Chair Doug Chaffee, Supervisor, Fourth District
Members, Board of Supervisors

From: Michelle Aguirre, Interim County Executive Officer

Subject: Orange County Investment Fund Report for the Quarter Ended March 31, 2025

The attached Investment Report for the quarter ended March 31, 2025 contains various charts, information and compliance summaries for the Orange County Investment Fund (OCIF), which consists of the Orange County Treasury Pool (OCTP), Specific Investment Accounts and a Bond Proceeds Account that by law, are called the County Treasury.

OCIF STATISTICS & PERFORMANCE

The primary objectives of a public fund fiduciary shall be to safeguard the principal, meet liquidity needs and to achieve a return on the funds under its control.

The report summarizes the total investments in the County Treasury and includes statistics, such as values based on cost, book, and market value; the daily, monthly, and year-to-date yields; weighted average maturity; and net asset value. Additional charts and graphs are included to demonstrate performance with regard to the three objectives noted above and includes a chart with information on the Orange County Investment Pool.

All investments in the OCTP, the Specific Investments and Bond Proceeds Account are marked to market daily to calculate their fair value. The current market values for one Specific Investment Account (Fountain Valley School District) and the Bond Proceeds Account (CCCD Series 2017E Bonds) continue to be below book values. These investments were purchased during a period when market yields were lower than current rates, which has resulted in unrealized losses. However, each account has sufficient liquidity to meet projected cash flow needs. The investments are intended to be held to maturity to mitigate the risk of realizing any losses. Compliant with the Orange County Investment Policy, approved by the Board of Supervisors on February 11, 2025, the maximum maturity of the OCTP is no more than 5 years, with duration not to exceed 1.5 years. To further maintain safety, adherence to an investment strategy of purchasing only top-rated securities and diversification of instrument types and maturities is required.

On August 1, 2024, Fitch affirmed their highest credit rating for OCTP of AAAf for credit risk and a rating of S1, indicating a very low sensitivity to market risk.

The table above provides a summary of the investment data for the quarter ended March 31, 2025 as well as a year-over-year comparison to the same data as of March 31, 2024.

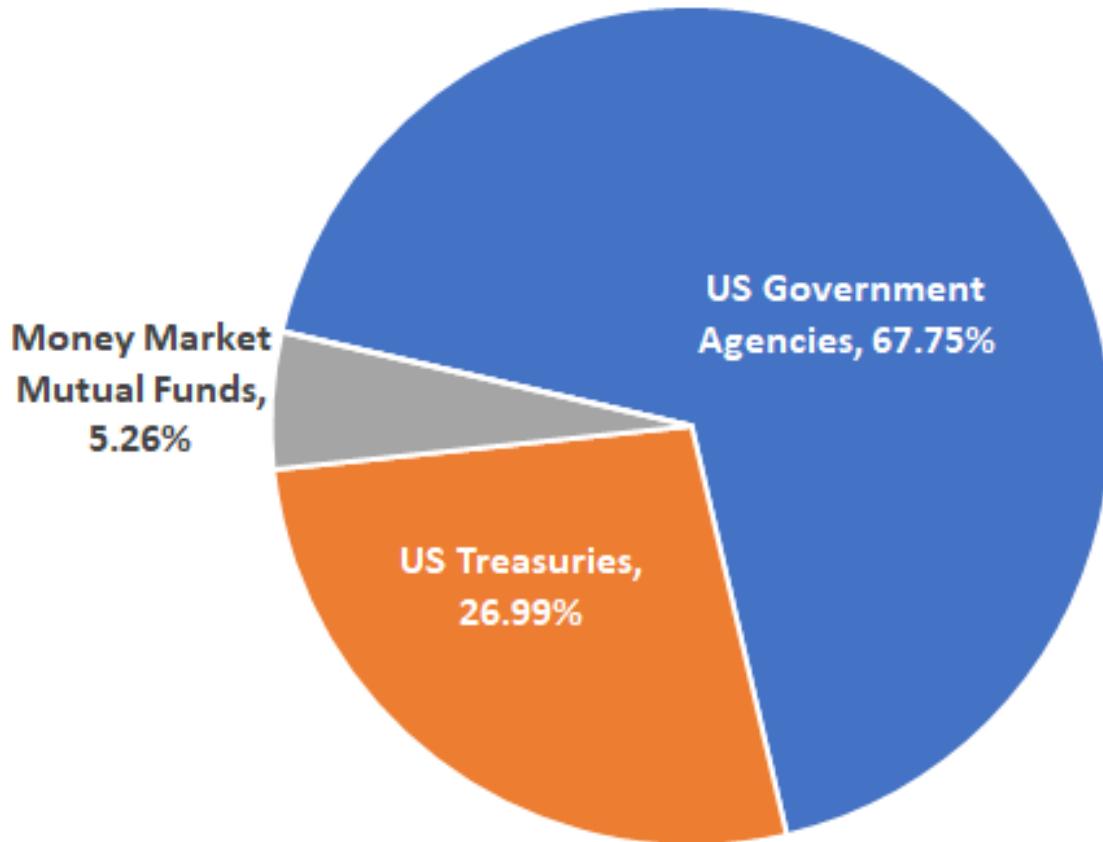

- For the period of January to March 2025, a decrease was noted in the market, book and monthly average balances of over \$1 billion. This represents less than a 10% variance and is primarily due to the apportionment of property taxes to the cities and taxing agencies.
- The year-over-year comparison shows a slight increase in the market, book, and monthly average balances primarily due to the timing of County and school payroll.
- The year-over-year comparison shows an overall decrease in investment earnings, primarily due to market conditions, including falling interest rates.

CASH AVAILABILITY PROJECTION FOR THE SIX MONTHS ENDING SEPTEMBER 30, 2025

In accordance with Government Code Section 53646 (b)(3), the County includes a statement in the investment report, denoting the ability of the Orange County Treasury Pool (OCTP) to meet expenditure requirements for the next six months.

The OCTP consists of funds in the County Treasury deposited by various entities required to do so by statute. The County Treasury, as required per Constitution Article XVI Section 6, and per the Board of Supervisor's Resolution 24- 011, is authorized to make temporary transfers to school districts to address their short-term cash needs. The loans are secured by tax receipts to be received by the County Treasurer, as the banker for the school districts. As reported, there were no temporary transfers outstanding as of March 31, 2025.

The Treasurer-Tax Collector is required to disburse monies placed in the County Treasury as directed by the Auditor- Controller and the Department of Education, except for the making of legal investments, to the extent funds are transferred to one or more clearing funds in accordance with Government Code Section 29808.

The County, in their projection of cash availability to disburse funds as directed by the Auditor-Controller and the Department of Education, is primarily relying on historical trends involving deposits and withdrawals and known future cash flows. No representation is made as to an individual depositor's ability to meet their anticipated expenditures with anticipated revenues.

The Cash Availability Projection for the six months ending September 30, 2025, indicates the ability of the pools to meet projected cash flow requirements. However, there will usually be differences between projected and actual results because events and circumstances frequently do not occur as expected and those differences may be material.
