COMMISSION TO ADDRESS HOMELESSNESS UPDATE

Joint – Special Meeting with the Orange County Continuum of Care Board

The Joint-Special Meeting of the Orange County Continuum of Care Board and the Commission to Address Homelessness was held on September 10, 2025. This meeting focused on the Office of Care Coordination's 2025 Survey titled **Falling through the Safety Net: Understanding Individuals' Journeys and Contributing Factors to Homelessness**.

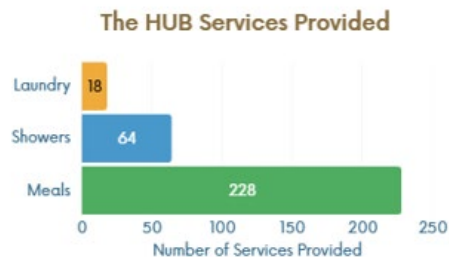

The feedback and insights shared during the meeting were invaluable in helping to deepen the understanding of areas of focus highlighted by the survey results.

The Office of Care Coordination is currently developing an expanded narrative report that will provide additional context and analysis.

DISCUSSION – ITEM #2

OFFICE OF CARE COORDINATION UPDATE

State Action for Facilitation on Encampments (SAFE) Task Force

On August 29, 2025, Governor Newsom announced the SAFE Task Force to aggressively prioritize and deploy California's comprehensive network of services to quickly remove encampments on state rights-of-way and help connect people with supportive services and shelter.

The SAFE Task Force aims to dismantle homeless encampments in California's ten largest cities, including the City of Anaheim, where an encampment was identified along the 91 freeway from Lemon St. to Raymond Ave. and between both sides of the railroad tracks under the freeway.

DISCUSSION – ITEM #2

OFFICE OF CARE COORDINATION UPDATE

State Action for Facilitation on Encampments (SAFE) Task Force

The SAFE Task Force worked with the Office of Care Coordination and the City of Anaheim to integrate local resources and expertise from multiple state agencies and local government to clear the area with a client centered approach by offering engagement services and attempting to link individuals living in the encampment to immediate services.

- CalTrans: Identified affected areas and perform clean up, debris removal, and installation of mitigation measures
- CalOES: Oversaw logistics and resource deployment to support the effort
- CHP: Provided public safety support during clearance and monitored the area afterwards
- County of Orange: Coordinated street outreach efforts and served as first point of engagement
- City of Anaheim: Coordinated the dispatch of Mariposa as a service agency and arranged set aside beds at city-operated shelter

DISCUSSION – ITEM #2

OFFICE OF CARE COORDINATION UPDATE

State Action for Facilitation on Encampments (SAFE) Task Force

The Office of Care Coordination assigned OC Outreach & Engagement (O&E) to canvas and proactively attempt to engage any individuals within the location starting on September 27, 2025.

Ten (10) encampment sites were identified by CalTrans, and two (2) individuals were engaged and offered shelter, hygiene kits, water, and snacks. Referrals to services were not accepted at the time of engagement, and the individuals engaged were not previously known to OC O&E.

The Office of Care Coordination will continue working with all participating SAFE Task Force entities to support with engagement efforts and access to shelter beds for individuals experiencing homelessness in identified areas of concern.

DISCUSSION – ITEM #2

OFFICE OF CARE COORDINATION UPDATE

2026 Point in Time (PIT) Count

The U.S. Department of Housing and Urban Development (HUD) requires all Continuum of Care (CoC) jurisdictions nationwide to complete a biennial unsheltered count and an annual sheltered count of all individuals experiencing homelessness in the community at a single “point in time”.

The Orange County PIT Count is a collaborative effort between:

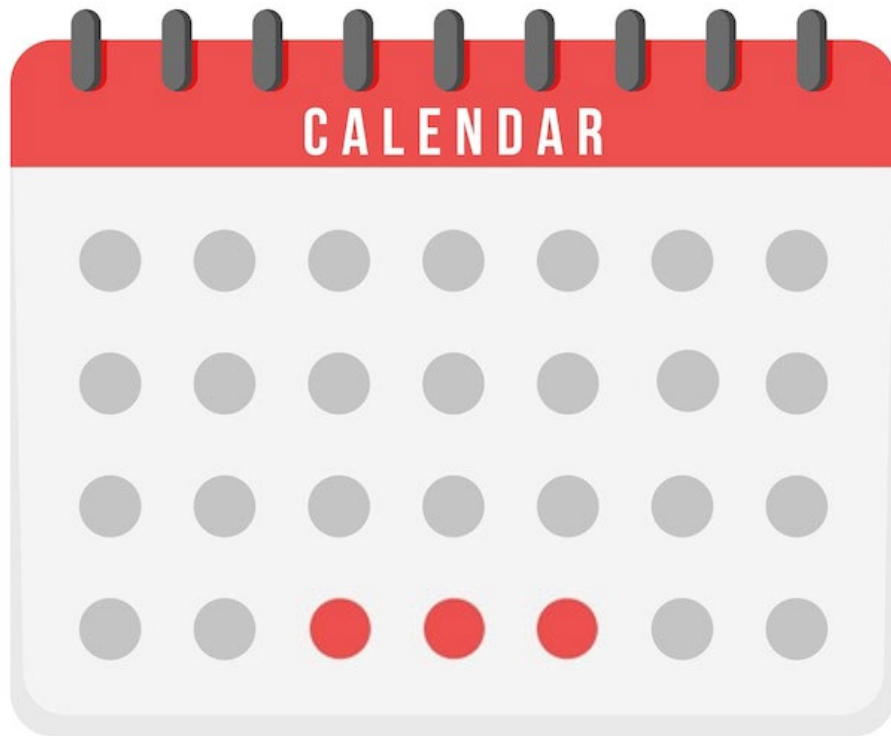

- County of Orange
- City Net – lead agency for unsheltered count
- OC United Way – HMIS lead agency for sheltered count
- Hub for Urban Initiatives – HUD methodology and survey tool design
- Orange County CoC
- All 34 Orange County cities
- Local, State, and Federal elected officials

Emergency Housing Voucher Update

Commission to Address Homelessness

Julia Bidwell, Director, OC H&CD
October 15, 2025

Protecting Vulnerable Households While Advancing Waitlist Access

Background

EHV Program Ending

- Federal guidance is sunseting the Emergency Housing Voucher (EHV) program

OCHA's Response

- A strategic plan to preserve housing for vulnerable families
- Upholds commitments to the Housing Choice Voucher (HCV) waitlist

The Challenge

- 489 EHV household at risk of losing housing
 - Includes survivors of domestic violence, human trafficking, people with disabilities, and formerly homeless individuals.
- Nearly 14,000 household on the HCV waitlist
 - 2,000 waiting since 2012
- Limited funding restricts full transition of EHV households and waitlist selections

Key Actions

- Update Administrative Plan to allow EHV households on HCV waitlist
 - Out for Public Review at:
www.ochousing.org
[Documents & Forms | Orange County Housing Authority](http://www.ochousing.org/Documents%20and%20Forms/Orange%20County%20Housing%20Authority)
[\[https://ochousing.org/sites/ocha/files/2025-10/Draft%202025%20Orange%20County%20Housing%20Authority%20Administrative%20Plan.pdf\]](https://ochousing.org/sites/ocha/files/2025-10/Draft%202025%20Orange%20County%20Housing%20Authority%20Administrative%20Plan.pdf)
 - To the Board of Supervisors for approval on November 18, 2025
- Transfer 100 EHV households to HCV in 2025
- Gradual transition of remaining EHV households through July 2028

Strategic Alignment

Systemwide Benefits

- Prevents returns to homelessness
- Maintains support for special purpose vouchers
- Continues project-based voucher allocations
- Resumes waitlist selections in 2026 (based on current projections)

Conclusion

Equity-Focused, Fiscally Responsible Plan

- Protects 489 vulnerable households
- Balances urgent needs with long-term commitments
- Supports federal standards and local housing goals

CONTINUUM OF CARE PROGRAM FEDERAL LEGISLATION IMPACTS

DOUGLAS BECHT

DIRECTOR OF CARE COORDINATION

PRESENTATION – ITEM #4

HOMELESSNESS LEGISLATIVE IMPACTS AND ADVOCACY STRATEGY

Continuum of Care (CoC) Program

- The CoC Program is designed to promote communitywide commitment to the goal of ending homelessness by providing funding for efforts by nonprofit providers and State and local governments. The CoC Program also promotes access to and effect utilization of mainstream programs by homeless individuals and families.
- The CoC Program was established by the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act), is administered by the U.S. Department of Housing and Urban Development (HUD) and has an annual planning and application process for communities to follow to secure funding to address combat homelessness.
- HUD, through the CoC Program, provides funding to organizations following a local and national competition process. The Office of Care Coordination serves as the CoC's designated Collaborative Applicant and helps facilitates the application process, to renew existing grants and apply for additional funding.

PRESENTATION – ITEM #4

HOMELESSNESS LEGISLATIVE IMPACTS AND ADVOCACY STRATEGY

Fiscal Year (FY) 2024 CoC Program Grant Agreements

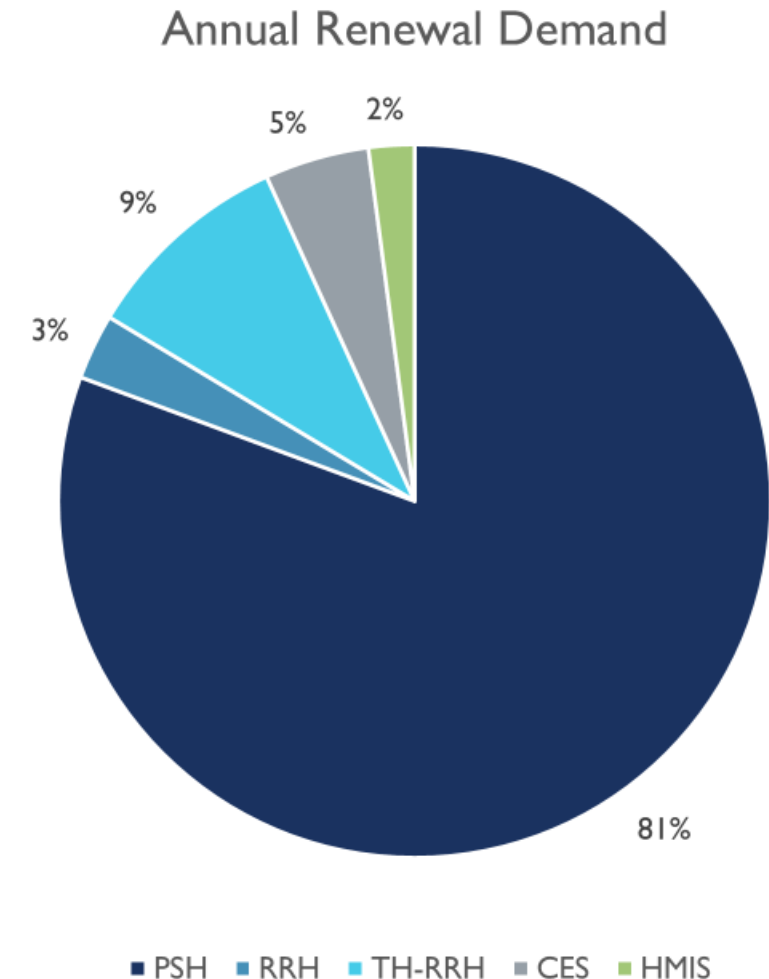

- The FY2024 CoC Program grant agreements included provisions that were not reflected in the Notice of Funding Opportunity (NOFO) released by HUD, including the following:
 - Recipient will not use funds to promote “gender ideology”
 - Recipient does not operate any programs that violate any applicable Federal anti-discrimination laws
 - “Waste, Fraud, Abuse, and Whistleblower Protections”
 - Recipient will not use funds to “fund or promote elective abortions”
 - No state or unit of local government that receives funding may use it for “subsidization or promotion of illegal immigration” or “policies that seek to shield illegal aliens from deportation”
 - HUD will not enforce provisions that require the project to use a Housing First model

PRESENTATION – ITEM #4

HOMELESSNESS LEGISLATIVE IMPACTS AND ADVOCACY STRATEGY

CoC Program – FY 2025 Grant Inventory

- Orange County CoC's Estimated Annual Renewal Demand (ARD): **\$33,248,578**
 - Permanent Supportive Housing (PSH): **\$26,814,524**
 - Rapid Re-housing (RRH): **\$989,050**
 - Joint Transitional Housing-Rapid Re-Housing (Joint TH-RRH): **\$3,176,779**
 - Supportive Services Only – Coordinated Entry (CES): **\$1,576,249**
 - Homeless Management Information System (HMIS): **\$691,976**
- CoC Planning Grant: **\$1,500,000**

PRESENTATION – ITEM #4

HOMELESSNESS LEGISLATIVE IMPACTS AND ADVOCACY STRATEGY

PSH

- Orange County CoC receives **\$26,814,524 for PSH**
- Primarily serves individual households experiencing chronic homelessness
- **1,124** households currently permanently housed, who are at risk of homelessness

RRH

- Orange County CoC receives **\$989,050 for RRH**
- Primarily serves families with minor children and survivors of domestic violence
- **35** households served annually

Joint TH-RRH

- Orange County CoC receives **\$3,176,779 in Joint TH-RRH**
- Primarily serves survivors of domestic violence, including single women and women with minor children
- **101** households served annually

CES

- Orange County CoC receives **\$1,576,249 for CES**
- Prioritizes people experiencing homelessness who are working towards permanent housing, maximizing available resources

HMIS

- Orange County CoC receives **\$691,976 for HMIS**
- Critical in for data collection and tracking of people served, services provided, and outcomes

PRESENTATION – ITEM #4

HOMELESSNESS LEGISLATIVE IMPACTS AND ADVOCACY STRATEGY

FY 2025 CoC Program NOFO Expected Changes

On July 3, 2025, HUD sent communication via mailing list announcing the intention to publish a NOFO for FY2025 CoC awards.

On September 29, 2025, Politico reported major changes for the FY 2025 CoC Program NOFO in an expose that was corroborated by multiple sources within HUD.

Major changes as reported by [Politico](#):

- **Reduction in Proposed Budget:** \$3.3 billion reduced to \$1.1 billion for the CoC Program
- **Permanent Housing Cap:** HUD intends to cap the total amount of funding that each CoC can use for permanent housing, PSH and RRH, to only 30% of CoC funds
- **Anti-DEI Criteria:** Organizations that previously used any type of racial preferences or recognized gender non-conforming or transgender people will be less competitive
- **Deviation for Evidenced-Based Practices**

PRESENTATION – ITEM #4

HOMELESSNESS LEGISLATIVE IMPACTS AND ADVOCACY STRATEGY

FY 2025 CoC Program NOFO Expected Changes

The President's proposed budget, Executive Orders, and the CoC Builds NOFO (issued September 5, 2025) include language indicative of what to expect within the FY25 CoC Program NOFO, including the requirement for agencies to comply with the following:

- No longer follow a Harm Reduction approach
- No longer comply with the Housing First model
- Requiring participation in supportive services
- Requiring treatment and recovery services for participants with substance use
- Only recognizing the sex binary (male/female) of participants
- Removal of any racial preferences
- Prohibition on public camping in the city, county, and state in which the project will be located
- Compliance with federal immigration enforcement

PRESENTATION – ITEM #4

HOMELESSNESS LEGISLATIVE IMPACTS AND ADVOCACY STRATEGY

FY 2025 CoC NOFO Planning

- The Office of Care Coordination convened the executive directors of the CoC-funded agencies and will be meeting with them individually to better understand the potential impact to service provision and operations at the project-level.
- Additional strategies will be better formed once HUD guidance is released, with the goal of preventing people from losing their housing and returning to homelessness.

H.R.1 Impacts to the Orange County System of Care

Healthcare

This law cuts **Medicaid** funding by approximately \$1 trillion dollars over the next 10 years, introduces new eligibility requirements, and gives states broader discretion over coverage. The Centers for Medicare & Medicaid Services (CMS) will work with states to implement a number of these changes starting at the end of 2026, beginning of 2027.

In California, it is expected that up to 3.4 million Medi-Cal members lose coverage, more than \$1 billion in federal funding is at risk annually, and there are major disruptions for safety net services.

This law also impacts the Affordable Care Act (ACA) Marketplace as it limits enrollment opportunities, imposes new administrative requirements, restricts eligibility for immigration groups, and drastically changes affordability and coverage.

Work Requirements: Persons ages 19 to 64 who are Medicaid eligible due solely to low income, between 100-138% of the federal poverty level or also referred to as the ACA Expansion population, will be required to prove 80 hours of "community engagement activities", at a minimum, in the month prior to requesting Medicaid, and every 6 months thereafter or exemptions.

- **Impact:** In California, an estimated 3 million people may lose coverage. This would drive up the uninsured rate and raise costs for hospitals and clinics treating uninsured patients.
- **Opportunity:** California Department of Health Care Services (DHCS) is planning to use data sources to automatically exempt people and/or see if they meet their requirements to reduce the burden on individual Medicaid applicants and/or beneficiaries. There is an opportunity to review and assist in identifying data sources at the local or state level that can support the DHCS effort

Address Verifications: Address verifications are part of the bill's efforts to ensure that no one is fraudulently enrolled in two state Medicaid programs, despite limited data to suggest that fraudulent activity occurs. States must develop a process and submit that process to CMS by October 1, 2027.

More Frequent Re-Determinations: Individuals who qualify for Medicaid based solely on low income, will need to reverify their eligibility every six months instead of once a year.

- **Impact:** In California, an estimated 400,000 may lose coverage, which would drive up the uninsured rate and raise costs for hospitals and clinics treating uninsured patients.
- **Opportunity:** The OC Same-Day Solutions Fair, which is hosted throughout Orange County, can serve as an opportunity to provide same-day services and resolve issues related to mainstream benefits including Medicaid re-determinations.

Cost Sharing: Persons who qualify for Medicaid based solely on low income and with income between 100% to 138% of the federal poverty level, will now be required to share costs for coverage. This can mean monthly premiums or copays as services are delivered.

- **Impact:** This may limit timely access to healthcare as persons may delay or forgo care due to financial limitations and/or confusion about the new requirements.

Reduction for Emergency Medical: The new law prohibits states from receiving the 90% enhanced matching rate for emergency services provided to individuals who, but for their immigration status, would have qualified for the ACA optional adult expansion group.

- **Impact:** California will lose the 90% match for emergency Medicaid services, requiring increased General Fund spending and/or rollback of services covered under the emergency Medicaid benefit.

New Limits to Coverage for Lawfully Present Immigrants: The new law makes it harder for states to use federal Medicaid funding to cover immigrants who have a recognized legal immigration status, known as “lawfully present.” Before H.R.1 was passed, most immigrants who had been lawfully present in the U.S. for five years could qualify for Medicaid, and states could receive federal matching funds to support their coverage. Under the new law, this coverage option for states will only be available to a small, select number of immigrant groups including Cubans, Haitians green card holders, and those from nations that are part of the Compact for Free Association. Now, states must modify their programs to expect only federal matching funds for the limited number of immigrant groups listed above. These changes are expected to reduce access to care for many immigrants.

- **Impact:** In California, approximately 200,000 immigrant Medi-Cal members will shift from a satisfactory immigration status to unsatisfactory immigration status, thus reducing eligibility to on emergency and pregnancy related.

New Limits to Retroactive Coverage: Retroactive Medicaid coverage allows the program to pay for medical services received up to 90 days before someone officially enrolls as long as they were eligible during that time. Under the new law, states can only fund retroactive coverage for 30 days rather than the previously allowable 90 days. This means

providers who assist those obtaining health insurance can only be paid for efforts 30 days prior to coverage start dates.

Home and Community Based Services (HCBS) Expansion: One promising change in the new bill is that it allows states to apply for new HCBS waivers to fund services for people who meet certain needs as defined by the state known as “Needs Based Criteria.” These waivers will fall under a part of Medicaid law called 1915(c), which allows states to offer HBCS. What is different now is that these waivers will not require people receiving services to meet the Nursing Facility Level of Care (NFLOC) criteria for the state. These waivers can be an opportunity to expand coverage of Housing Related Services and support more people.

Housing

Does not have any provisions that directly impact the Orange County Housing Authority (OCHA); however, reductions in benefits and supportive services will destabilize households likely assisted by OCHA.

Benefits and Support Services

H.R.1 includes significant changes to the **Supplemental Nutrition Assistance Program (SNAP), known as CalFresh** in California, as the bill is expected to cut federal funding by at least \$1.7 billion to \$3.7 billion annually in California. This means that up to 395,000 people could lose their benefits which could include access to food, reduced funding for nutrition education and overall safety net for low income and middle-income individuals and families.

Modification of Work Requirements: Persons ages 19 to 64 who do not have children under the age of 14 in their CalFresh households will be required to work. This eliminates exemptions for people experiencing homelessness, adults under age 24 who were in foster care on their 18th birthday and veterans.

- **Impact:** An estimated 303,000 individuals are at risk of losing eligibility.

Noncitizens to Lose Eligibility: Noncitizen eligibility is now limited to lawfully permanent residents; Cuban or Haitian entrants; and individuals who reside in the United States in accordance with Compact of Free Association agreement. This eliminates certain lawfully present noncitizens, such as asylees, refugees, paroles, trafficking victims and others.

Limitations of Standard Utility Allowances: Limits the automatic application of the Standard Utility Allowance based on receipt of a Low-Income Home Emergency Assistance Program payment to household with elderly or disabled members.

Benefit Amounts Capped for Households with 9 or more Members: The Thrifty Food Plan is used to determine the maximum SNAP benefit allotments by household size. Effective October 1, 2025, the benefit allotment for households with 9 or more members is capped to be equivalent to 200% of the Thrifty Food Plan. Furthermore, it also limits increases in benefits due to change in dietary guidelines or rising food costs.

SNAP Education Programs Repealed: Federal funding for the CalFresh Healthy Living program will be sunset at the end of the Federal Fiscal Year 2025.

- **Impact:** This will end nutrition education services to communities with the highest prevalence of obesity and food insecurity. The program and services are part of a coordinated effort with schools, nonprofit and similar local organizations in Orange County to promote public health and prevention of chronic disease.
