## Ad Hoc Committee: Orange County CoC Fiscal & Resource Mapping

# Our Team

**Meadow Robinson**  
Senior Directing Attorney –  
Team Lead

**Mark Mora**  
Senior Policy Analyst

**Riley Meve**  
Policy Analyst

# Project Summary

**WHO** Partnership between Homebase, County of Orange Office of Care Coordination, CoC, and local stakeholders.

**WHAT** Fiscal and resource mapping project to understand how funds in Orange County flow into the homeless response system, identify gaps, and inform future strategic investment.

**WHEN** Approximately 18 months

**WHY** To support the CoC Strategic Plan goal to “identify funding gaps and develop funding strategies to fill those gaps in alignment with [the] plan's priorities.”

# Project Timeline

## Planning

- Sep - Oct 2025
- Refine work plan and project goals

## Ad Hoc Committee

- Nov 2025 - July 2026
- Advisory group to guide project and review data

## Data & System Analysis

- Nov 2025 - Aug 2026
- Analyze funding and system-level data for gaps

## Community Engagement

- Jan - Apr 2026
- Engage local stakeholders for input

## Final Report

- Aug - Dec 2026
- Create fiscal and resource mapping report and/or tools

# Project Goals

- Identify funding gaps in the homeless system
- Increase transparency and accountability in how funds are invested
- Assess system and intervention-type performance to understand impact of funding
- Provide data to inform future strategic planning and funding decisions
- Strengthen collaboration between funders, providers, and stakeholders

# Role of Ad Hoc Committee

- Sharing expertise and insight:
  - **Contextualize the funding landscape** – identify gaps, guide how and who to ask for information, and inform how data is interpreted
  - **Help design and implement stakeholder engagement** – advise on who to engage and how to ensure inclusive and meaningful input
  - **Support analysis and framing of findings** – help answer key question and provide input on how results are presented and utilized
- **Commitment:**
  - Monthly meetings from Nov 2025 to July 2026, possibility of additional meetings earlier in the process
  - Approx. 3 hours per month (2-hour meeting + 1 hour of prep)

# Recruitment Process

- In consultation with the Office of Care Coordination:
  - **Developed a list of candidates** based on the role of the Ad Hoc Committee (list included CoC Board Members who expressed interest)
  - **Identified and tracked important areas of representation and expertise** – experience with particular program types (transition-aged youth, outreach, rapid rehousing, victim services, prevention, shelter, etc.), CoC Board, lived experience of homelessness, small and large cities
  - **Narrowed list to 9 members** by identifying and discussing any duplicative areas of representation

Note - in addition to the Ad Hoc Committee, there will be **other opportunities for Community Stakeholders** to provide input on this important project (e.g., data collection and community engagement phase)

# Confirmed Members

1. **Allison Davenport** – Chief Impact Officer (Mercy House)
2. **Sandra Lozeau** – CoC Board, Deputy Director of Housing and Community Development (City of Anaheim)
3. **Stacy Lumley** – Management Analyst – Human Services (City of Laguna Niguel)
4. **Sammie Martinez** – CoC Board
5. **Melanie McQueen** – CoC Board, Regional Director (PATH Orange County)
6. **Maricela Rios-Faust** – CEO (Human Options)
7. **Ami Rowland** – Chief Program Officer (Covenant House)
8. **Tim Shaw** – CoC Board
9. **Mishaun Watkins** – Community Development Analyst (City of Santa Ana)

# **Update on Request for Proposals (RFP) for Services Coordination, Permanent Housing Delivery, and Prevention and Shelter Diversion Services**

# Business Calendar – Item #2

## RFP Update

- On August 28, 2025, County of Orange's Office of Care Coordination released the RFP for Services Coordination, Permanent Housing Delivery, and Prevention and Shelter Diversion Services, to support the programming of HHAP Rounds 3 and 4 funding.
  - ❖ **Program A – Services Coordination**
    - Program A (TAY)
  - ❖ **Program B – Permanent Housing Delivery**
    - Program B (TAY)
  - ❖ **Program C – Prevention and Shelter Diversion Services**
- The RFP closed on October 2, 2025.
- In total, there were 14 agencies that responded to the RFP.
- Interview and consensus meetings were held the week of October 27, 2025, through the week of November 3, 2025. Final negotiations are in process.

# Business Calendar – Item #2

## RFP Update

- The selected agencies for the Services Coordination, Permanent Housing Delivery, and Prevention and Shelter Diversion Service RFP, based on evaluation of the proposal review panel membership, will be brought forward for approval by the Orange County Board of Supervisors on December 16, 2025.
  - Approval at the December 16, 2025, Board of Supervisors meeting will allow contracts to start in as soon as possible and maximize the timeframe to expend HHAP funding that has a June 30, 2026, expenditure deadline.
- The timing of negotiations and the CoC Board meeting schedule does not align well, and delaying the Board of Supervisor approval until January 13, 2026, is of concern.

# **Update on HHAP Round 6 Application and Budget**

# Business Calendar – Item #2

## HHAP Round 6 Update

- The HHAP Round 6 Notice of Funding Availability (NOFA) was made available in February 2025. The application was due on August 29, 2025.
- The Office of Care Coordination as the Administrative Entity completed the HHAP Round 6 grant application on behalf of the County and CoC and worked alongside the Cities of Anaheim, Irvine, and Santa Ana as regions were required to apply together and submit a single Regionally Coordinated Homelessness Action Plan.
- For the development of the HHAP Round 6 application and the Regionally Coordinated Homelessness Action Plan, community listening sessions and presentations were planned and hosted on the following dates:
  - ❖ City of Santa Ana Community Listening Session: Monday, July 7, 2025
  - ❖ City of Anaheim Community Listening Session: Tuesday, July 8, 2025
  - ❖ County's Community Listening Session: Thursday, July 10, 2025

# Business Calendar – Item #2

## HHAP Round 6 Update

- The Regionally Coordinated Homelessness Action Plan was required to include:
  - ❖ Clear identification of roles/responsibilities for each jurisdiction (outreach, housing, services, land use).
  - ❖ Coordination with Mental Health Services Act and Behavioral Health Services Act programs.
  - ❖ Policies for addressing encampments and connecting individuals to housing and services.
  - ❖ Status updates on housing compliance, pro-housing designation, surplus land, and annual progress reports.
  - ❖ System performance measures and a performance improvement plan with key actions to strengthen outcomes.

# Business Calendar – Item #2

## HHAP Round 6 Update

- In late September 2025, the California Department of Housing and Community Development (HCD) completed its review of the Orange County CoC's HHAP Round 6 application and provided a list of amendments that were required to be addressed and submitted to HCD by October 29, 2025.
  - Clarification on Stakeholder Engagement
  - Encampments and Related Policies
  - Surplus Land
  - Interim Housing Sustainability
  - System Performance Measures – Linking Key Actions to Funding
  - Permanent Housing Sustainability
- The Office of Care Coordination as the Administrative Entity worked alongside the Cities of Anaheim, Irvine, and Santa Ana to address and submit the requested amendments to HCD prior to the deadline.

# HHAP-6 COC BUDGET

# **HHAP Round 6 Memorandum of Understanding (MOU)**

# Business Calendar – Item #2

## HHAP Round 6 MOU

- The HHAP Round 6 application required a MOU between regions.
- The MOU commits all signatories to participate in and comply with the Regionally Coordinated Homelessness Action Plan and certifies that all Eligible Applicants and subgrantees will employ the core components of Housing First.
- The goal of the MOU is to ensure that all HHAP-funded entities communicate, work collaboratively, and leverage, whenever possible, available resources to maximize impact and serve the greatest number of households experiencing homelessness.
- The MOU will meet HCD's best practice requirement of establishing a regional MOU with detailed commitments that focus on coordinating and integrating interim and permanent housing resources, supportive services, and outreach and engagement strategies which were agreed upon during the HHAP Round 6 application process.

# Business Calendar – Item #2

## HHAP Round 6 MOU and Next Steps

- HHAP Round 6 required a Memorandum of Understanding (MOU) between:
  - ❖ Cities of Anaheim, Irvine, and Santa Ana
  - ❖ Orange County CoC
  - ❖ County of Orange
- The MOU commits all signatories to:
  - ❖ Participation and compliance with the Regionally Coordinated Homelessness Action Plan
  - ❖ Adoption of Housing First principles
  - ❖ Collaborative communication and resource leveraging to maximize impact
- The final HHAP Round 6 MOU between the Orange County CoC, the County of Orange, City of Anaheim, City of Irvine, and the City of Santa Ana can be referenced in **Attachment A**.
- **Next steps:** Continue regional collaboration to implement commitments and monitor system performance improvements.

## Business Calendar – Item #2

### Recommended Action

- c. Approve the recommended HHAP MOU between the Orange County CoC, County of Orange, City of Anaheim, City of Irvine, City of Santa Ana for Round 6 of HHAP commitment to partnership and participation in a regionally coordinated homelessness action plan.

# **2026 Orange County Point in Time Count**

Matt Bates, Chief Operating Officer;

Ryan Guevara, Census Data Specialist and

Stephen Su, Census Data Specialist, City Net

# EVERYONE COUNTS

2026 Point In Time

---

# Project Overview

# What is a Point In Time Count?

**A National Movement.** Everyone Counts OC is part of a national effort to better understand homelessness. The U.S. Department of Housing and Urban Development (HUD) requires all 400+ Continuum of Care jurisdictions across the nation to complete a biennial unsheltered count and an annual sheltered count of all individuals experiencing homelessness in the community at a single “point in time”

# Why do a Point In Time Count?

Everyone Counts OC is an opportunity to collect current information on homelessness in our community, including:

- Number of people experiencing homelessness in Orange County
- Where homeless neighbors are located
- Robust demographic information
- Subpopulation information on groups such as Veterans, Transitional Age Youth, and families.

# The Data is Critical

The 2026 Point In Time Count data helps us respond more effectively to homelessness in Orange County.

With the collected data, the Homeless Response System can:

- Accurately assess the demographics and locations of those in need
- Make informed decisions on housing and shelter interventions (where, what types, and how many)
- Collaborate more closely—from coordinating street outreach and engagement to partnering on case management to shelter operation to housing and supportive services
- Advocate for state and federal dollars to fund interventions

# What PIT Is Not

- A comprehensive count of everyone experiencing homelessness in the community
- A complete documentation of the causes and conditions of homelessness
- Contrary to other data sets (CDE, OCDE, NCHE) which use different definitions and methodologies

# How does it work?

- **Sheltered Count:** the night of 1/26/26
- **Unsheltered Count:** 1/27/26 - 1/29/26
  - Survey-based count, goal is to survey all unsheltered homeless
  - Volunteer surveyors visit pre-identified “hotspots” where homeless neighbors are expected to gather
  - Surveyors deployed from local deployment centers to all 34 cities, plus unincorporated areas (~400 maps in all)
  - Access centers for families and transitional-aged youth
  - Voluntary referrals for homeless Veterans

# Who is Involved?

- **County of Orange** – including County Executive Office, Health Care Agency, Social Services Agency, OC Community Resources, OC Parks, OC Public Works, OC Information & Technology, OC Sheriff's Department
- **OC United Way (211OC)** – HMIS lead agency for sheltered count
- **City Net** – lead agency for unsheltered count
- **Hub for Urban Initiatives** – HUD methodology and survey tool design
- **Orange County CoC**

# Who is Involved?

- **City and County government**
  - County of Orange
  - Local Law Enforcement
  - All 34 cities
- **Elected Officials**
  - Board of Supervisors
  - Mayors and City Council members
  - State and federal representatives
- **Homeless Service Providers**
- **1,000+ volunteers**
- **1,000s of neighbors experiencing homelessness**

### **Fiscal Year (FY) 2025 CoC Program Funding**

Felicia Boehringer, Interim CoC Manager, and  
Zulima Lundy, Director of Operations,  
Office of Care Coordination

# Business Calendar – Item #4

## CoC Program Notice of Funding Opportunity (NOFO)

- The U.S. Department of Housing and Urban Development (HUD) formerly released an annual NOFO that allowed CoCs nationwide to apply for competitive funding.
- In 2024, for the first time, HUD issued a two-year CoC Program NOFO as authorize by the Consolidated Appropriations Act, 2024.
- CoCs were only required to submit one CoC Consolidated Application to be applicable for FY 2024 and FY 2025 funds, along with the FY 2024 CoC Priority Listing.
- On July 3, 2025, HUD sent communication via the Office of Special Needs Assistance Programs (SNAPS) Competitions mailing list announcing the intention to publish a NOFO for 2025 CoC awards.
- On November 13, 2025, HUD released a FY 2025 CoC Program NOFO, which rescinds and supersedes any mention of FY 2025 CoC funds within the 2024 CoC Program NOFO.
- The Office of Care Coordination, as the Collaborative Applicant for the Orange County CoC, facilitates the local competition process and completes the Consolidated Application that is submitted to HUD, consisting of:
  - ❖ Final Project Priority Listing with the ranking and tiering of new and renewal projects
  - ❖ CoC Application, which includes responses to multiple narrative and data-related questions

# Business Calendar – Item #4

## FY 2025 CoC Competition and YHDP Grants NOFO

### NOFO Release

- HUD released the FY CoC Competition and YHDP Grants NOFO on Thursday, November 13, 2025.

### Funding Available Nationwide:

- CoC Program – \$3,918,000,000
- Domestic Violence (DV) Bonus – \$52,000,000
- Unsheltered and Rural Homelessness Supplemental NOFO – \$129,000,000
- Youth Homelessness Demonstration Program (YHDP) – \$228,000,000
- A portion of funds will be available for CoC Renewal Projects and CoC Bonus Projects.

### Funding Available to the Orange County CoC:

- Estimated Annual Renewal Demand (ARD) – \$33,248,577
- CoC Bonus – \$6,649,715
- DV Bonus – \$3,060,976
- CoC Planning – \$1,500,000

**Application Due Date:** Wednesday, January 14, 2026, at 5:00 p.m. PT

# Business Calendar – Item #4

## FY 2025 CoC and YHDP NOFO: HUD's Goals and Objectives

1. **Ending the crisis of homelessness on our streets.** Citing a California Policy Lab study from 2019, HUD claims that 75% of people experiencing unsheltered homelessness report a substance use disorder (SUD) and 78% report a mental health condition. Therefore, CoCs should direct resources towards outreach, intervention, and assistance consistent with Executive Order on “Ending Crime and Disorder on America’s Streets.”
2. **Prioritizing Treatment and Recovery.** CoCs should prioritize projects that provide treatment and services needed to recover and regain self-sufficiency, including on-site treatment and participation requirements in services.
3. **Advancing Public Safety.** CoCs should cooperate with law enforcement to advance public safety. HUD cited the Supreme Court decision in *Grants Pass v. Johnson* as upholding the authority of local governments to prohibit public camping.

# Business Calendar – Item #4

## FY 2025 CoC and YHDP NOFO: HUD's Goals and Objectives

4. **Promoting Self-Sufficiency.** Highlighting that one of the primary purposes of the COC program is to optimize self-sufficiency, HUD indicates that CoCs should prioritize projects that help lead to long-term economic independence for individuals and families. This would allow them to exit homelessness and prevent future returns to homelessness.
5. **Improving outcomes.** CoCs should review all eligible projects to determine their effectiveness in reducing homelessness and prioritize those that promote self-sufficiency, increase employment income over government assistance, and promote treatment and recovery.
6. **Minimizing trauma.** CoCs should encourage the use of trauma informed care, ensure safety of program participants, and access to 'safe, single-sex spaces' for women.

# Business Calendar – Item #4

## FY 2025 CoC and YHDP NOFO: Ranking and Tiering of Projects

### Project Priority Listing and Tiering

- HUD will continue the Tier 1 and Tier 2 funding selection process.
  - **Tier 1** is equal to **30 percent** of the CoC's ARD. The Orange County CoC Tier 1 is equal to **\$9,974,573**
  - **Tier 2** is the difference between Tier 1 and the maximum amount of CoC Renewal (including DV Renewal), CoC Reallocation, DV Bonus, DV Reallocation, and CoC Bonus funds that a CoC applies for
- If a project application straddles the Tier 1 and Tier 2 funding line, HUD will conditionally select the project application up to the amount of funding that falls within Tier 1.
- **HUD will conditionally select project applications in Tier 1 from the highest scoring CoC application to the lowest scoring CoC application** and according to the rank assigned by the CoC on the CoC Priority listing, provided the project applications pass both project eligibility and project quality threshold review, and if applicable, project renewal threshold.
- Projects are ranked within their own CoC and **Tier 2 projects compete nationally**, as noted in the FY 2024 CoC Program Competition Debrief.
- All New and Renewal Project Applications must be ranked.

# Business Calendar – Item #4

## Significant Changes in the FY 2025 CoC and YHDP NOFO

- **Only 30 percent of a CoC's funding is protected in Tier 1, down from 90 percent in past years.** This is the most significant structural change in a decade. With 70 percent of funding now fully competitive and tied to Merit Review scores and project ranking, even small scoring differences could lead to major funding losses.
- **Permanent Housing (PSH, RRH, Joint TH–RRH) is capped at 30 percent of ARD.** CoCs must shift funding from existing permanent housing projects that exceed this cap toward new projects that are aligned with the administration's priorities, particularly transitional housing with high service requirements. New Joint TH–RRH projects are no longer eligible. Forces CoCs to reallocate the majority of their current programming to other project types – Transitional Housing (TH) and Supportive Services Only (SSO).
- **All projects except for CoC Planning/UFA must compete, including YHDP renewals and DV Bonus.** These projects must be ranked and scored in Tier 2 with no special protections, increasing competition across the entire portfolio.
- **New prohibitions can disqualify any project.** HUD may reject projects in Tier 1 or 2 for engaging in racial preferences, using a definition of sex "other than binary," or conducting activities viewed as "harm reduction." These provisions create significant new compliance risks.

# Business Calendar – Item #4

## Significant Changes in the FY 2025 CoC and YHDP NOFO

- **HUD’s new national priority centers on treatment, recovery, and required services.** HUD favors projects with onsite substance use treatment, required service participation, sufficient treatment bed capacity, and 24/7 detox or inpatient access. Required services now boost scoring.
- **HUD elevates “public safety” as a major scoring factor.** CoCs must show laws prohibiting camping and illicit drug use, enforcement protocols, cooperation with law enforcement, use of involuntary commitment standards, and SORNA implementation. These factors elevate the influence of local criminalization policies.
- **New project requirements reshape TH, RRH, PSH, and Street Outreach.** New transitional housing must provide 40 hours/week of services; new RRH must show strong employment outcomes and require services; new PSH must serve elderly or physically disabled individuals (not including substance use disorder) with required services; and new street outreach must demonstrate strong law-enforcement partnerships.
- **Merit Review replaces prior CoC scoring and shifts weighting.** The 130-point system includes 9 points for Project Capacity/Ranking, 40 for System Performance, and 81 for Coordination & Engagement, plus 19 bonus points. Service requirements feature prominently throughout.

# Business Calendar – Item #4

## Significant Changes in the FY 2025 CoC and YHDP NOFO

- **Tier 2 scoring now favors projects with required services.** Tier 2 projects receive up to 100 points based on Merit Review scores, local ranking, and up to 10 points for requiring services—giving mandatory-service models a clear advantage.
- **HUD’s expanded Risk Review increases the likelihood of project rejection.** HUD may consider media reports, Inspector General and Government Accountability Office findings, public complaints, or an organization’s “history of subsidizing activities that conflict with the NOFO” as grounds for denying funding.
- **Special CoC NOFO grants.** Grants originally awarded funding under the Special NOFO to Address Unsheltered and Rural Homelessness, that are expiring in Calendar year 2026 are eligible to renew under this NOFO.
- **Reallocation:** CoCs may reallocate funding from any eligible renewal grant, including grants that have not previously renewed under the CoC Program, so long as the project has an executed grant agreement with an expiration date in Calendar Year 2026.
- **Lived Experience Support Letter.** The support letter from persons with lived experience is no longer required.

## FY 2025 CoC and YHDP NOFO

- The Office of Care Coordination has been convening the Executive Directors of CoC-Funded Agencies since early October, to plan for anticipated changes in the FY 2025 CoC Program NOFO.
- CoC-Funded Agencies completed impact analyses for each of their renewal programs, to aid in the preparation and strategy for keeping people housed.
- On Monday, November 17, 2025, the Office of Care Coordination met with the Executive Directors of CoC-Funded Agencies to discuss a timeline, share initial ideas on strategies, and discuss some proposed next steps.

## FY 2025 CoC and YHDP NOFO

- The submission deadline for the FY 2025 CoC Program NOFO is **January 14, 2026, at 5:00 p.m. PT.**
- The Office of Care Coordination as the Collaborative Applicant is also requesting authority to act in the best interest of the Orange County CoC, in consultation with the CoC NOFO Ad Hoc, given the expedited submission process, should the application timeline of the CoC Program NOFO prevent components of the local competition from coming before the CoC Board for approval.
- Approval of the authority would provide flexibility to the Office of Care Coordination and not delay decisions or actions as it relates to the CoC Program NOFO.
- Due to the NOFO timeline, the Office of Care Coordination also has the following requests:
  - Attendance from CoC Board members at a special meeting of the CoC Board, tentatively scheduled at the end of December 2025.
  - Willing individuals to serve on CoC NOFO RFP Panel(s) in December 2025 with an accelerated timeline
- The Office of Care Coordination is aiming for a Renewal Application and CoC Program NOFO RFP release next week before the holiday.

# CES Prioritization Policy

# Business Calendar – Item #4

## CES Prioritization

- To prepare for the anticipated changes within the FY 2025 CoC Program NOFO, the Office of Care Coordination as the Collaborative Applicant for the Orange County CoC and as the CES Lead, reviewed local policies for contingency planning.
- The Office of Care Coordination reached out to local CoCs to inquire how other CoCs were considering updating their community's CES policies and procedures to account for households currently housed through CoC funded permanent housing programs who may return to homelessness due to expected changes in the CoC Program NOFO.
- Although local CoCs did not respond directly to the Office of Care Coordination, in cohort meetings and other meetings, CoCs shared that there are considerations for revising their CES Prioritization Policy to include a preference for people in a CoC funded PSH programs.
- In anticipation of the impacts the permanent housing funding cap will have on the CoC, the Office of Care Coordination is recommending an update to the CES Prioritization Policy to include households enrolled in PSH programs that are at-risk of experiencing homelessness as a result of decreased CoC Program funding to be considered for other housing opportunities, with the goal of maintaining housing stability

# Business Calendar – Item #4

## CES Prioritization

- Households currently housed through CoC PSH programs: 1,100 (approximately)
- CoC-funded agencies, Lived Experience Advisory Committee (LEAC), and Policies, Procedures and Standards (PPS) Committee suggested a review and update of the CES Prioritization Policy
- **Goal: Keep people in PSH projects stably housed**
- Proposed changes were shared with CoC-Funded agencies for feedback and previewed at the CES Steering Committee and PPS Committee meetings in October.
- Proposed changes will prioritize households at-risk of returning to homelessness due to CoC Program changes:
  - ❖ Would be prioritized for any Permanent Housing (PSH or RRH) opportunity in CES
  - ❖ Will retain their original approximate date of homelessness (prior to current program enrollment)
- The Office of Care Coordination will collaborate with funding partners on how eligibility requirements of the Housing Opportunity will remain in place for this new prioritized group.
- Following the feedback from the PPS Committee during the special meeting on November 10, 2025, the Office of Care Coordination added a prioritization for RRH households.

# Business Calendar – Item #4

## CES Prioritization: Proposed Changes

- The new prioritization schema currently under consideration would be:
  1. **CoC Funded PSH Households at-risk of homelessness due to CoC Program changes**
  2. **CoC-Funded RRH Households at-risk of homelessness due to CoC Program changes**
  3. Households experiencing Chronic Homelessness
  4. Households experiencing literal homelessness with a verified disability
  5. Households experiencing literal homelessness without a verified disability
  6. Households at-risk of experiencing homelessness
- Additional considerations for the new prioritized group are still being considered (i.e. prioritizing by anticipated program end date, length of current program enrollment, disabling conditions, age, vulnerabilities, etc.).
- The Office of Care Coordination is interested in refining this prioritization schema and developing an assessment that accounts for other factors other than anticipated program end date and length of current program enrollment.

# Business Calendar – Item #4

## CES Prioritization Policy

- Approval of the CES Policies and Procedures Prioritization Policy changes will ensure that households enrolled in PSH and RRH programs that are at-risk of experiencing homelessness are prioritized in CES, given the anticipated loss of funding due to the permanent housing funding cap within the FY 2025 CoC Program NOFO.
- If the above prioritized groups and established CES prioritization schema is approved by the CoC Board, the Office of Care Coordination, as the Collaborative Applicant and CES Lead, will inform CES Administrators of the necessary changes.
- The Office of Care Coordination will educate the CES Administrators on the impacted CoC Program funded PSH programs and provide training on the procedures to be followed.

# Business Calendar – Item #4

## Recommended Actions

- b. Approve recommended changes to CES Policies and Procedures to update the Prioritization Policy to include households enrolled in Permanent Supportive Housing programs that are at-risk of experiencing homelessness as a result of decreased CoC Program funding to be considered for other housing opportunities, with the goal of maintaining housing stability; and continue working with the CoC to improve upon the recommended changes to the Prioritization Policy and return to the CoC Board for additional approvals.
- c. Delegate authority to the Office of Care Coordination, as the Collaborative Applicant, to act in the best interest of the Orange County CoC based on the timeline of the NOFO, which requires an expedited submission process

# Request for Homelessness Prevention Data

Orange County Continuum of Care Board

Wednesday, November 19th, 2025

PRESENTED BY

Chair Doug Chaffee  
Fourth District Supervisor  
Orange County Board of Supervisors

June Dillard  
Policy Advisor/Field Representative  
Office of Chair Doug Chaffee

# The Importance of Prevention

Through the Fourth District Emergency Rental Assistance Program (ERAP), Chair Chaffee has committed to homelessness prevention — the first pillar of the homeless system of care, and the first line of response.

- Keeping people stably housed is more cost-effective than allowing them to fall into the trauma of homelessness.
- Finding housing for unhoused persons is costly, and creating additional housing is too time-consuming.
- Prevention preserves dignity, keeps families together, and supports children's stability.

This is why Chair Chaffee is requesting aggregate data from the Continuum of Care — to understand needs and guide effective prevention efforts.

# Request Summary

To Office of Chair Doug Chaffee seeks to request statistics from the Continuum of Care Board to get an understanding of the current need for enhanced homeless prevention efforts in Orange County.

# Data Points

The Office of Chair Chaffee seeks the following data points to understand current needs, gaps, and opportunities.

## Current Counts

**Request:**

1. Number of Unhoused Individuals
2. Number Actively Seeking Housing

**Purpose:**

To establish the current scale of need and gaps between housing demand and availability/wait times.

## Changes and Trends

**Request:**

3. Number of Newly Unhoused
4. Ratio of Homeless Inflow/Outflow

**Purpose:**

Estimates population who'd benefit most from prevention and the importance of upstream efforts.

# Proposed Use of Data

## **1. Informing Countywide Homeless Prevention Efforts**

Chair Chaffee is committed to enhancing Orange County's commitment in homelessness prevention efforts. The data requested will be used to illustrate current need gaps, and may be included in future ASRs, talking points, and other advocacy efforts for homeless prevention.

## **2. Inclusion in the Fourth District Emergency Rental Assistance Program (ERAP) Report**

Data from the Homeless Management Information System (HMIS) will complement findings from the ERAP Report, which documents outcomes from Chair Chaffee's ERAP pilot program, established in January of 2024. These insights will help illustrate the broader need for homelessness prevention efforts in Orange County.

## **Chair Chaffee's Fourth District Emergency Rental Assistance Program**

Chair Chaffee spearheaded the Fourth District Emergency Rental Assistance Pilot Program (ERAP) in partnership with the Friendly Center, which the Orange County Board of Supervisors approved on January 23, 2024.

The program's objective was to prevent homelessness by keeping at-risk households stably housed while addressing root causes through case management and stabilization services.

As a pilot, ERAP evaluated the impact of this intervention on participants' housing stability, risk of future homelessness, and other outcomes.

## **Emergency Rental Assistance Program (ERAP) Data Report**

The ERAP Data Report will illustrate participant circumstances before and after program participation.

The data utilized for the report includes information from program intake forms and follow-up surveys, which are still being conducted to ensure a sufficient response-rate (currently 43%).

HMIS data will be included in 1–2 slides of the ERAP Data Report to provide context and highlight the countywide need for homelessness prevention initiatives.

# ERAP Report Data

Data for the report reflects information from the 136 households served in the ERAP Pilot Program, derived from intake forms and follow-up surveys.

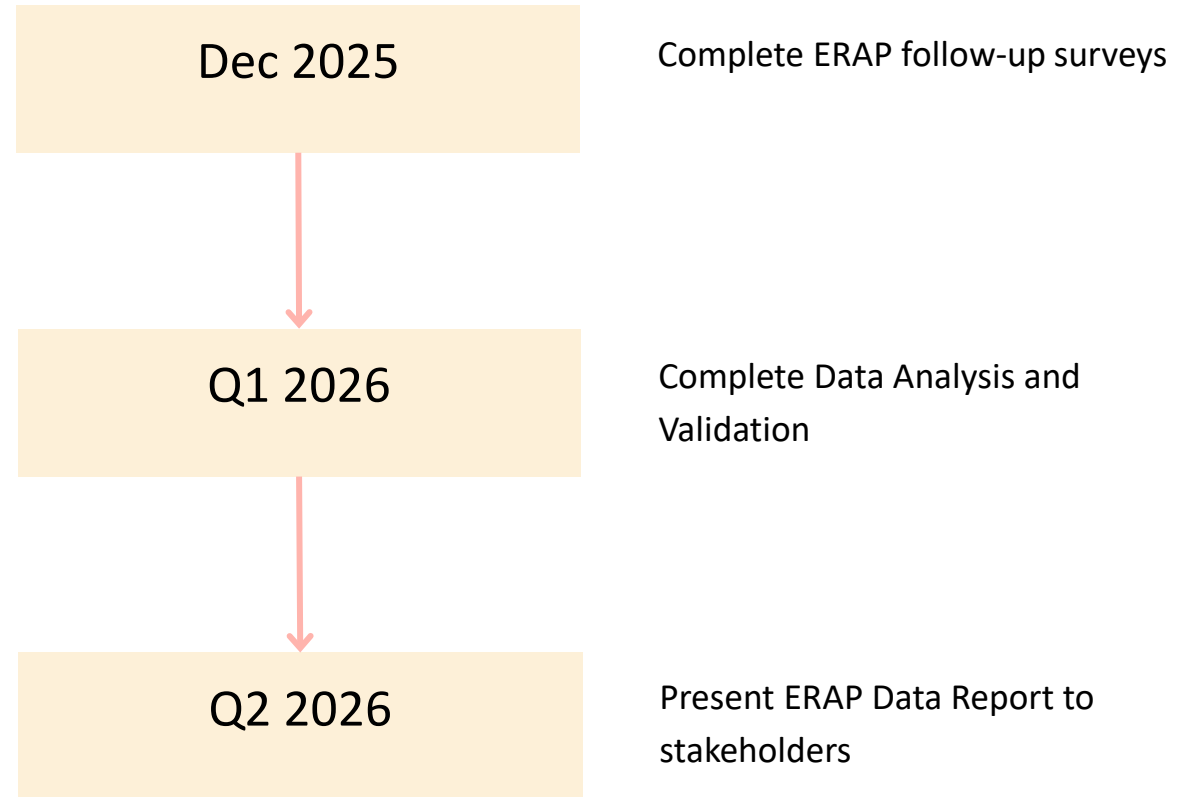

This information provides an understanding of ERAP participants at baseline, assesses program impacts, and may inform potential refinements for future prevention initiatives.

# COUNTY OF ORANGE OFFICE OF CARE COORDINATION

## Homeless Management Information System (HMIS) Data Request

Presented by: Doug Becht, Director of Care Coordination

# Request Overview

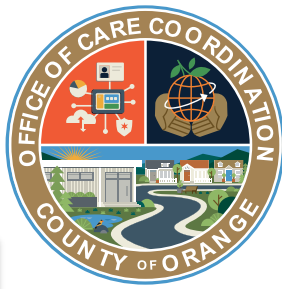

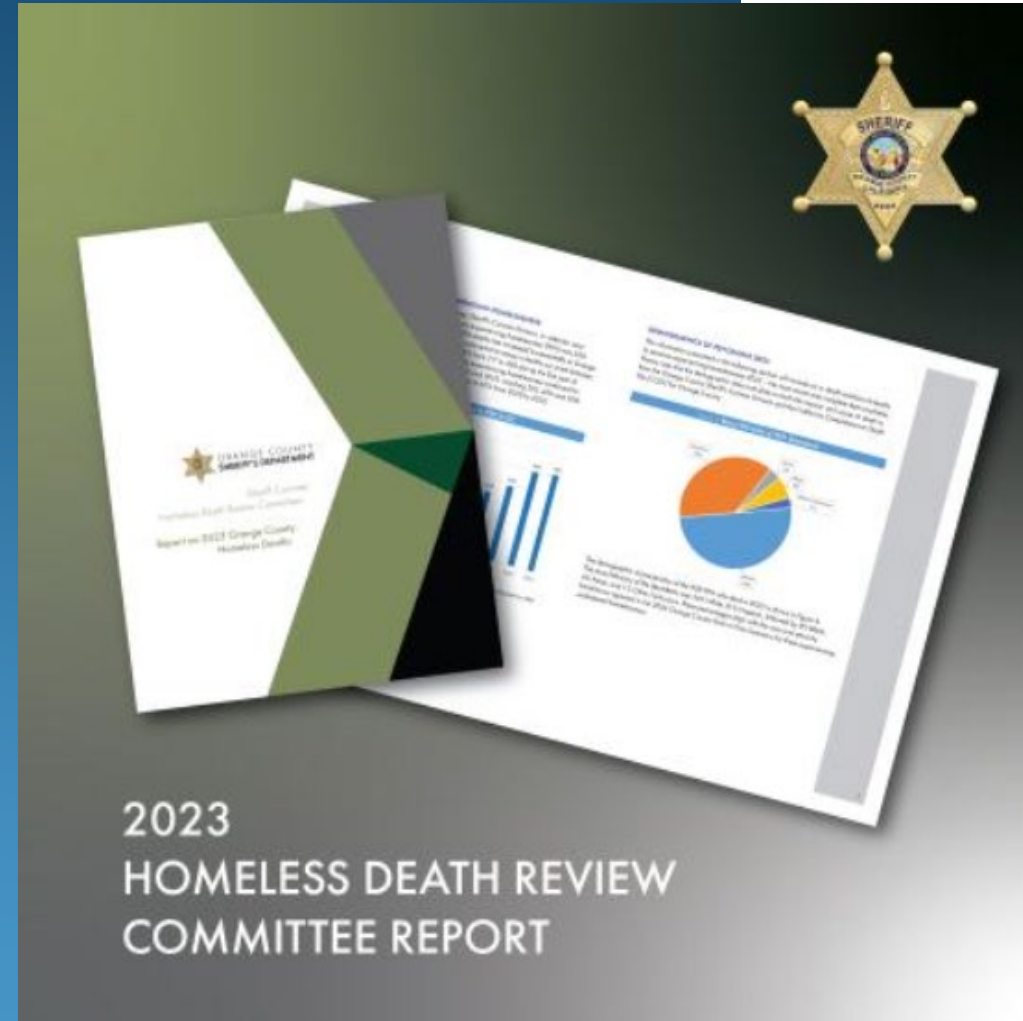

The Office of Care Coordination is requesting to access data from the Homeless Management Information System (HMIS) to conduct a cross-referencing analysis with records from the Orange County Sheriff-Coroner. The purpose is to determine whether persons experiencing homelessness (PEH) were engaged with the Homeless Response System prior to their death.

# BACKGROUND

The Coroner Division of the Orange County Sheriff's Department leads the Homeless Death Review Committee, commissioned by Orange County Sheriff Don Barnes in January 2022. The Committee includes a diverse group of technical experts representing county agencies, municipal police departments, hospitals, and non-profit organizations.

The Committee's purpose is to examine the root causes of deaths among people experiencing homelessness and to identify any contributing factors that may have been preventable.

A copy of the 2023 Homeless Death Review Committee Report is available by [clicking here](#).

# Background

- As an active member, the Director of Care Coordination has identified an opportunity to assess the extent to which individuals who died while experiencing homelessness had interacted with the Homeless Response system.
- This information can enhance understanding of the vulnerabilities faced by people experiencing homelessness, how they access homeless services, and which types of programs they engage with.

# HMIS Data Request

- Reporting Period: January 1, 2023, to ongoing
- To be received on a quarterly basis
- Includes the following HMIS Data Elements:
  - 3.01 – Name
  - 3.03 – Date of Birth
  - 3.07 – Veteran Status
  - Project Name
  - Project Type
  - 3.10 – Project Start Date
  - 3.11 – Project Exit Date
  - Exit Destination

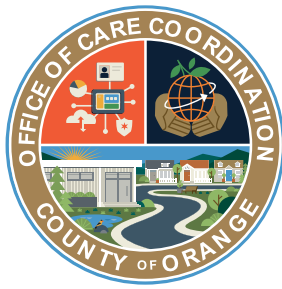

# How will the data will be published?

To protect individual's privacy while still providing meaningful insight, only aggregate data will be used in the OC Sheriff's Department's Homeless Death Review Committee Report.

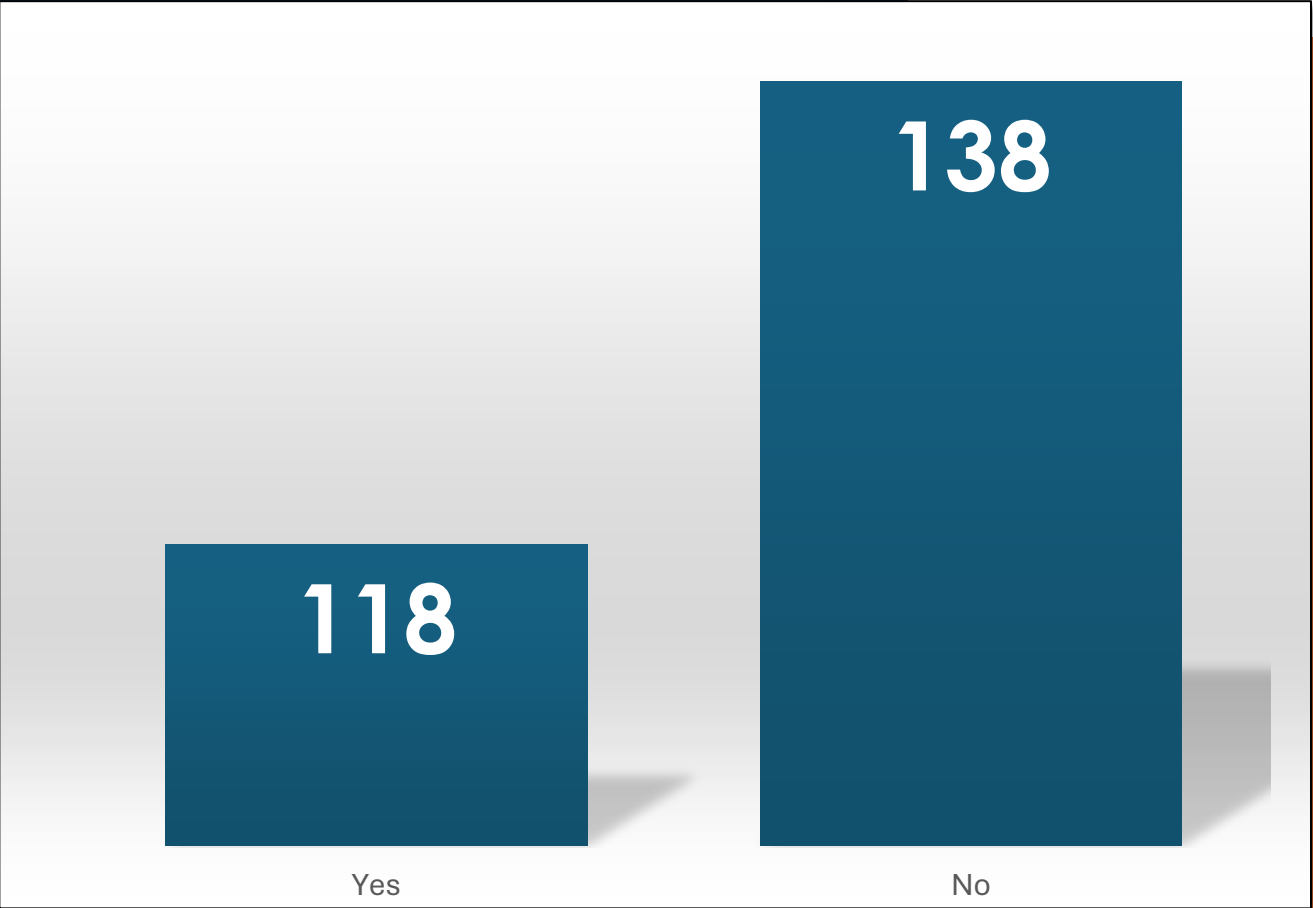

This data may include:

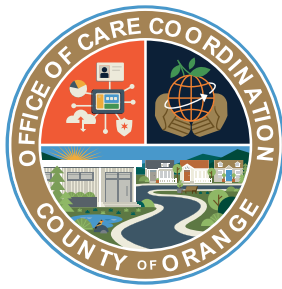

- Number of individuals served by the Homeless Response System
- Types of programs accessed by these individuals
- Length of time in services

# Example #1

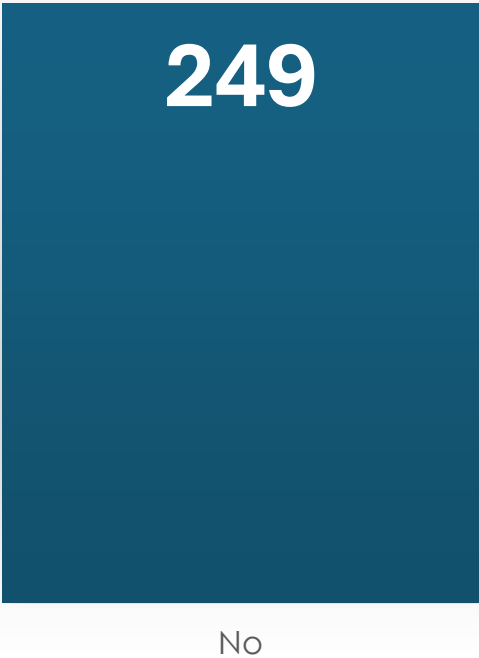

Did the person experiencing homelessness (PEH) have an HMIS record?

# Example #2:

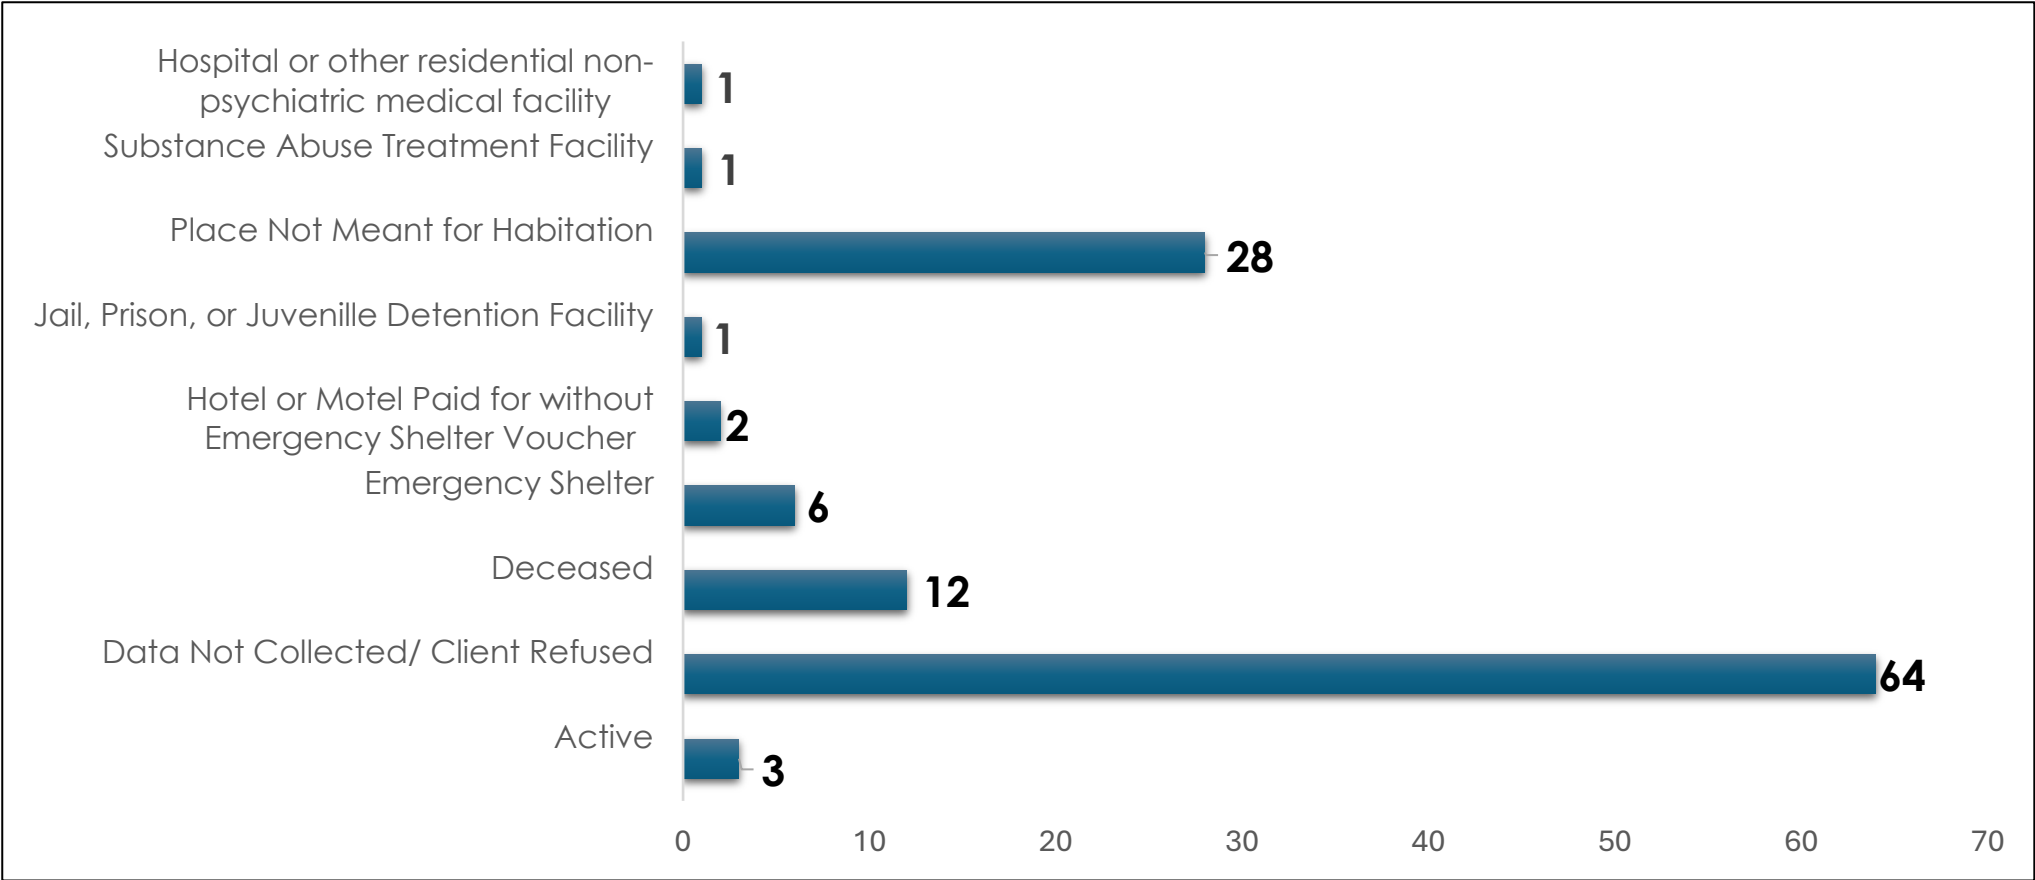

Was the Person  
Experiencing  
Homelessness enrolled  
in emergency shelter or  
street outreach at the  
time of their death?

# Example #3

If so, what was the most recent program exit reported?

# How will the data will be published?

The Homeless Death Review Committee publishes an annual report, typically released in Spring. This Report is typically accompanied by a press released from the OC Sheriff's Department and often garners media attention.

- [Click here to visit the Homeless Death Review Committee Site.](#)
- [Click here to read the 2023 Homeless Death Review Committee Report.](#)
- [Click here to read the Inaugural Homeless Death Review Committee press release.](#)

# How and when will data be reported back to the CoC Board for review?

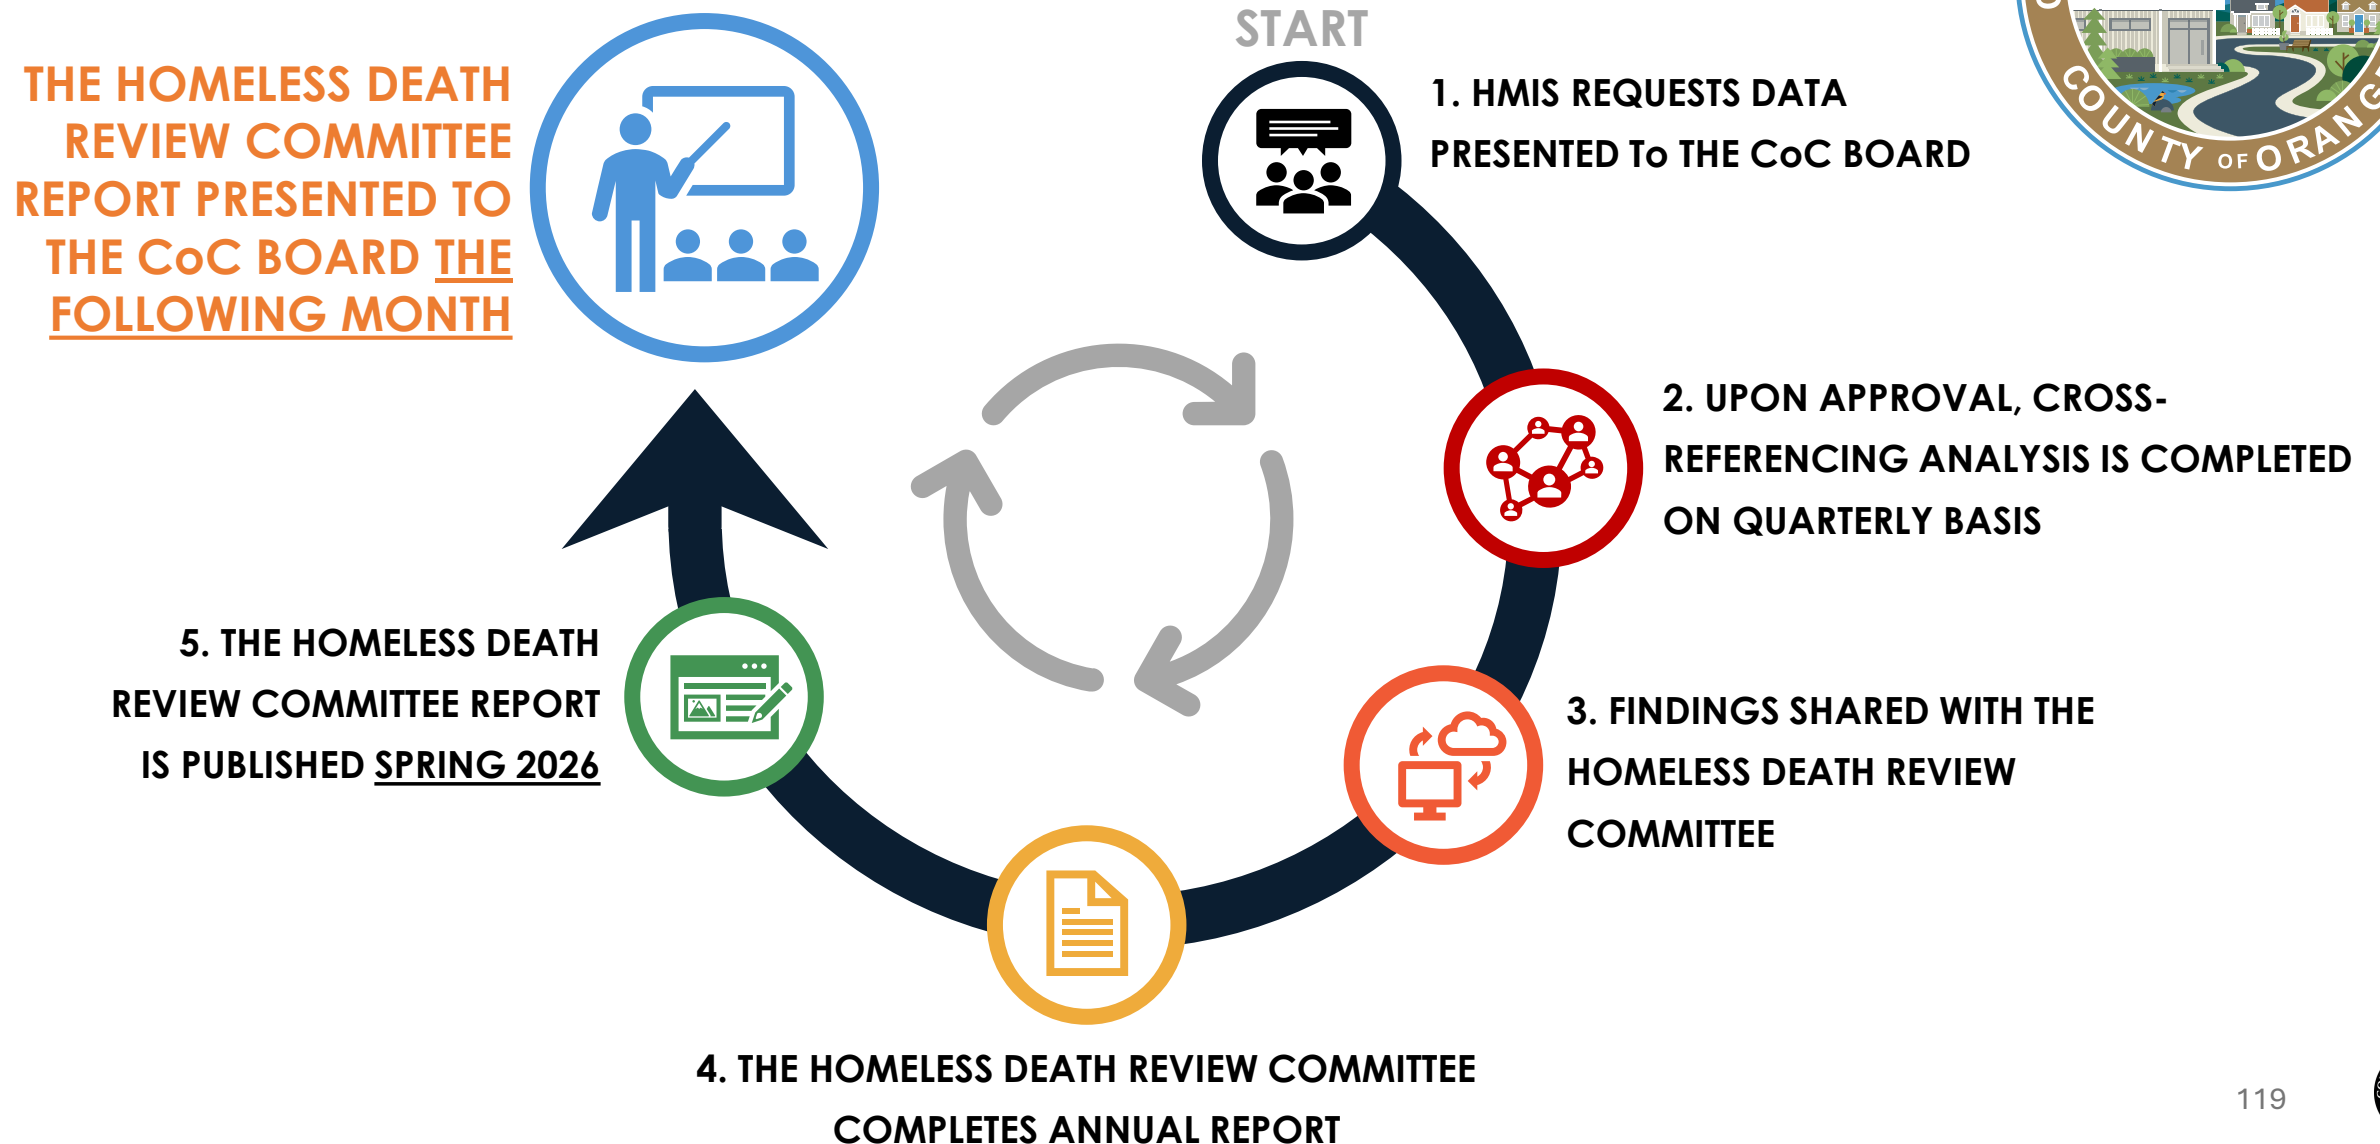

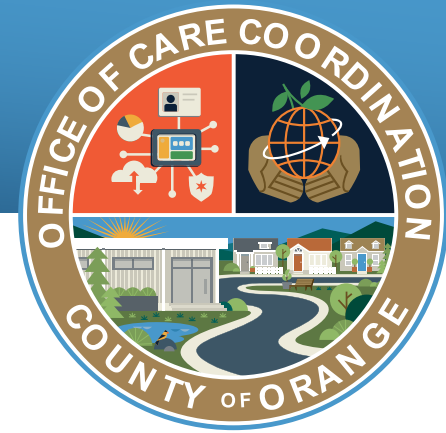

The Office of Care Coordination will compile and analyze data to present the findings quarterly as part of the OC Sheriff's Department's Homeless Death Review Committee and included in the Report annually.

The findings will be presented in tables that summarize the number of people experiencing homelessness who previously engaged in the Homeless Service System, along with the types of services accessed. The Report will highlight key trends, service engagement rates, and opportunities for system improvement.

The Report will be presented to the CoC Board at the next meeting, following its release.

# HMIS Data Request Process

# What questions will the data help answer?

By analyzing patterns in service utilization—such as frequency of contact, duration of program participation, and types of services accessed—the Homeless Death Review Committee can better understand how different subpopulations interact with the system. These insights may help identify gaps in service delivery, inform targeted interventions, and guide policy recommendations aimed at preventing future deaths among people experiencing homelessness.

# How will the data improve the Homeless Service System?

The Homeless Death Review Committee's purpose is to examine the root causes of deaths among people experiencing homelessness and to identify contributing factors that may have been preventable. By uncovering these factors, the Committee can highlight gaps in service delivery, identify missed opportunities for intervention, and recommend improvements to outreach, program design, and system coordination. This process supports a more responsive and effective Homeless Service System that is better equipped to meet the needs of vulnerable individuals and prevent future loss of life.

# Thank You

## Business Calendar – Item #5

### Recommended Action

- b. Approve the Office of Care Coordination's HMIS data request beginning January 1, 2023, and ongoing, for client-level data for the purpose of conducting a cross-referencing analysis with records from the Orange County Sheriff's Departments to determine whether persons experiencing homelessness were engaged with the Homeless Response System prior to their death, to be reported aggregately.

## Orange County CES Evaluation – CoC Board Update

- After reviewing eight proposals, committee scoring, and follow-up clarifying questions, the CES Evaluation Review Committee has selected Element Consulting Group as the recommended consultant for the Annual Evaluation of the Orange County Coordinated Entry System (CES).
- The CES Evaluation Review Committee will be moving forward with Orange County United Way (Sue Parks) as the contract holder, supported by a Samueli Foundation grant. A small, CoC-aligned group (including County/CoC representation, lived experience, providers, and Samueli) will help guide the workplan and use of findings.
- Key points about Element Consulting Group’s approach that align with what was discussed:
  1. Strong stakeholder engagement, including lived experts, providers across the system, and cross-system partners
  2. A clear equity lens and focus on how CES functions for different populations and SPAs
  3. Coordination with the new Homebase fiscal/resource mapping work so we don’t duplicate gap/fiscal analysis
  4. Actionable recommendations for CES policies, governance, and operations that can return to the CoC Board

## Business Calendar – Item #6

### Recommended Actions

- b. Authorize the Office of Care Coordination, as the CES Lead and CoC Administrative Entity, and Orange County United Way, as the HMIS Lead, to work with the selected consultant and provide all needed, relevant data to carry out the Orange County CES evaluation
- c. Approve the final report and summary of the Orange County CES Evaluation be presented to the CoC Board.

## 2-for-1 Match Policy

- The OCC, as the CES Lead for the Orange County CoC, utilizes the CES Policies and Procedures to guide the prioritization and match process to connect households to housing through CES.
- Typically, this includes matching a single household, to a single unit, however, circumstances exist where housing providers have requested multiple or 2-for-1 matches (i.e., longstanding vacancies, to meet financing deadlines for new properties at the end of the lease-up process).
- While no formal policy or guidance currently exists within the CES Policies and Procedures, this practice was allowed to occur in a few instances to mitigate the amount of time a unit was left vacant.
- As this practice began to be used more frequently in 2024 and 2025, some of the Public Housing Authorities requested for a formal policy or guidance to be issued.
- OCC developed a draft 2-for-1 Match Policy (Policy) for housing providers that wish to opt-in to this process.

## 2-for-1 Match Policy

- **Purpose:** To establish the criteria and steps for the 2-for-1 match process, ensuring transparency for participants involved.
  - In creating this guidance, OCC considered partner feedback around the lease-up and turnover process, prior practice of these matches in this and other communities, and the experience of participants in this process.
- **Goals of Policy in Practice:** Provide a person-centered and trauma-informed approach, ensuring existing housing programs are utilized to the highest extent possible and enabling success for new housing programs to attract continued support from the local development community to create more housing.

## 2-for-1 Match Policy

- Feedback received throughout the review and approval process can be referenced in **Attachment A**.
- During the September 3, 2025, CES Steering Committee, discussion centered around the policy scenarios and criteria for requesting a 2-for-1 match, noting challenges that components of the current draft policy could pose specifically to housing providers.
- CES Steering Committee recommended to approve the proposed Policy for review and approval by the LEAC, with additional changes as detailed below, and reflected in the draft Policy in **Attachment B**.
  - **Scenarios for Requesting a 2-for-1 match:**
    - Allow requests to be made if unit has been vacant or in possession of the housing provider for a minimum of 15 days and if the unit is move-in ready.
  - **Criteria for 2-for-1 Match Requests:**
    - For secondary match – the requesting housing provider will provide the Secondary match a housing opportunity in their respective housing inventory, with the next available unit, and with the *goal* of housing the Secondary match within 45 days.

# Process after 2-for-1 Match Request is Approved

## PPS Committee Discussion

- At the November 10, 2025, PPS Committee special meeting, discussion amongst PPS Committee members was focused on:
  - ❖ Implementation of the proposed Policy, emphasizing the importance of proper training and additional feedback from CES lead agencies and access points, should the 2-for-1 match approach be approved.
  - ❖ Clarity on the Policy’s language to ensure participants fully understand the implications of their consent, including potential removal from the community queue, the possibility of not being placed in housing if identified as the second match, and the overall process and timeline.
- As a result, the PPS Committee approved a substitute motion to initiate a pilot for up to six months, with a review at the three-month mark to evaluate its effectiveness in improving housing placements and increasing utilization of vacant units.
- The data collected during the pilot will return to the PPS Committee and help inform whether the Policy should be adopted long-term within the Orange County CoC.
- The motion was unanimously approved and proceeded to the CoC Board for review and approval.
