Subject: Orange County Investment Fund Report for the Month ended October 31, 2025

The attached investment report contains information for the Orange County Treasury Pool (Pool) for the month ended October 31, 2025. The body of the report contains charts and tables that provide a high-level overview of the Pool (which consists of County and school funds), including market value, performance, investment types, their maturities and compliance with the County's Investment Policy approved by the Board on February 11, 2025. The detailed investment inventory and transaction information are contained in the appendix section for reference.

The primary objectives of a public fund fiduciary shall be to safeguard the principal, meet liquidity needs and to achieve a return on the funds under its control. Below are some highlights from the monthly report demonstrating commitment to meeting these objectives:

- The market value of the Pool on October 31, 2025, was \$15.1 billion, \$543.9 million higher than the prior month due to timing of property tax collection.
- Roughly 92.4% of investments are in US Treasury or US Government Agency securities.
- The Pool earned a net yield of 4.022% which is slightly above the 90-day Treasury Bill at the end of the month.
- Total interest earned in October was \$51.0 million and \$203.6 million year to date.
- The Fitch credit rating for the Pool is AAAf and S1, which is the highest rating possible, indicating a very low sensitivity to market risk.
- The weighted average maturity is 241 days, and the pool maintains adequate liquidity to meet the next six months of projected cash flow requirements.
- All investments are marked to market daily to determine their fair value.
