

COUNTY OF ORANGE

OUR COMMUNITY. OUR COMMITMENT.

Community Project Funding Request Ted Craig Regional Park Improvements

Located in the City of Fullerton, Ted Craig Regional Park offers open space for picnicking, walking and biking trails, sports facilities, and a three-acre lake, whose shoreline has eroded significantly over the years due to floods, heavy rain, and human activity. The lake is an important feature of the park, attracting fishermen and supporting seasonal migratory waterfowl, contributing to both ecological value and visitor experience. Repairs to the park's lake will ensure long-term community use.

Project Status: SHOVEL-READY

If awarded, CPF funds will support restoration of the deteriorated earthen lake edge, excavation of accumulated sediment and vegetation removal from the desilting basin, and water quality improvements.
